

TIMBER 150

Lubricant for Power Chain Saws

For Professional use

Manual or Automatic Lubrication

TYPE OF USE

Specially formulated for Power Chain Saws Lubrication used by professionals
All types of power chain saws with manual or automatic lubrication systems.
For non professional applications, use MOTUL TIMBER 120.

PERFORMANCE

Higher viscosity for an efficient lubrication at high temperature while avoiding oil splashes.
Highly adhesive lubricant.
Anti-oxidation and anti-rust.
Anti-corrosion and anti-wear.

ADVANTAGES

Reduction of oil consumption.
Reduction of heating.
Better protection for a lasting quality of the chains.

PROPERTIES

Density at 15°C (59°F)	ASTM D 1298	0.883
Viscosity at 40°C (104°F)	ASTM D 445	148.0 mm ² /s
Viscosity at 40°C (104°F)	ASTM D 445	18.5 mm ² /s
Flash Point	ASTM D 92	238°C / 460°F
