

Front Bumper

Replacement

1. Remove the right and left front turn signal lights.
2. Remove the 2 bumper mounting screws on each side at the corner edge of the bumper.
3. Remove the 2 lower bumper mounting bolts and inner fender connecting bolts.
4. Remove the 4 bumper mounting bolts and bumper by sliding it forward.
5. Installation sequence is essentially the reverse order of removal.

NOTE: Take care not to scratch the bumper face.

6. Installation sequence is essentially the reverse order of removal.
