

Power Door Mirror

Removal

1. Remove the door panel and disconnect the power mirror wires.
2. Pry out the cap with a flat screwdriver and remove the screws, then remove the cover panel.
3. Remove the mirror mounting screws and nut while holding the mirror.

Mirror Glass Replacement

1. Heat the edge of the glass with a low powered heat gun for several minutes, then remove the glass.

2. Install the glass in the mirror case, narrow end first.
