

Ground Distribution

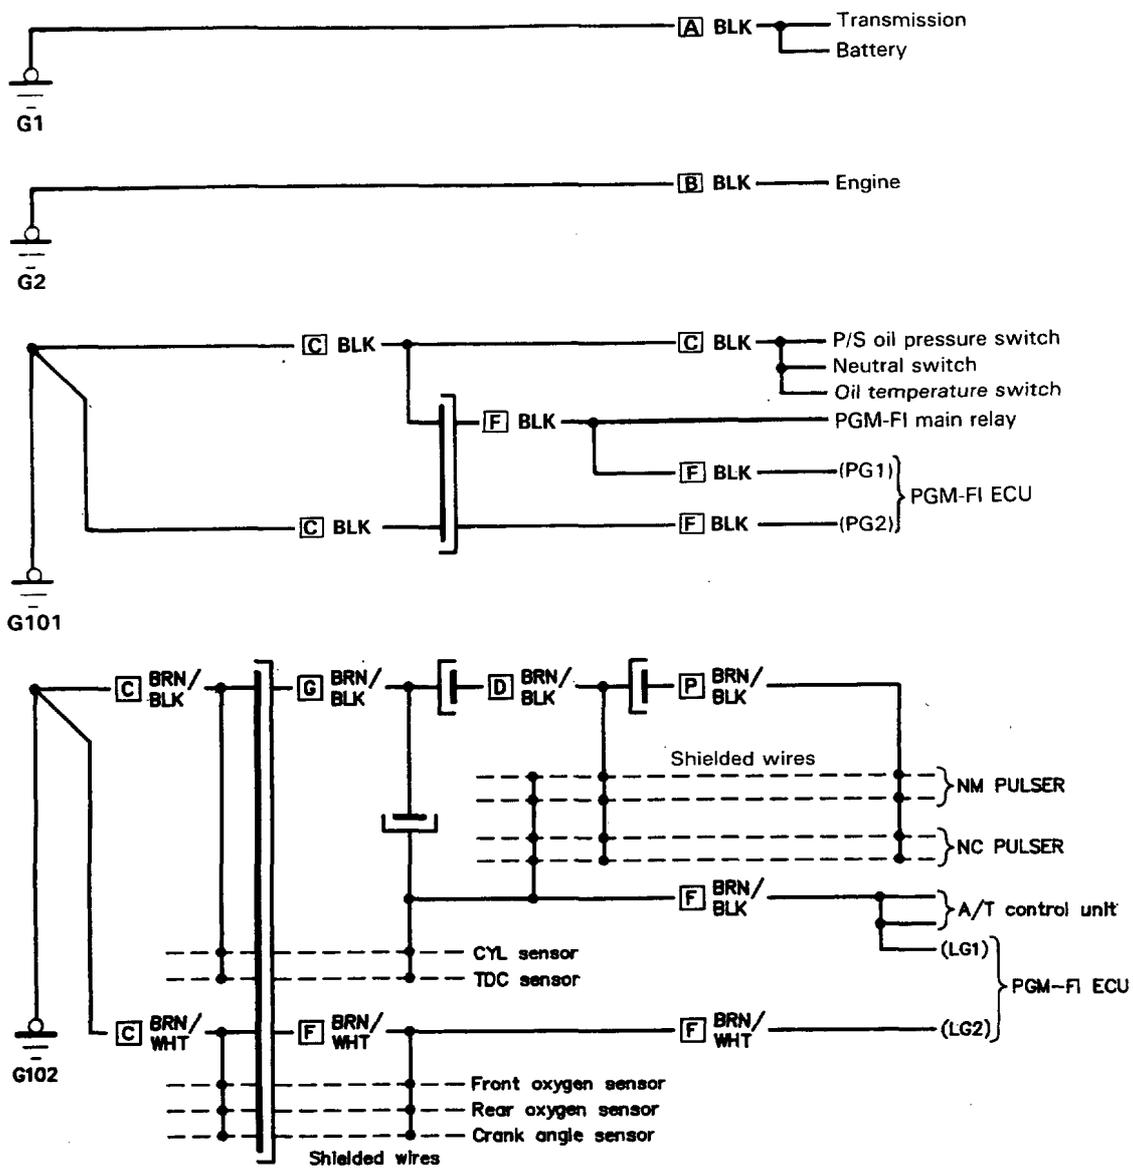

Circuit Identification (LHD)

- A:** Battery ground wire
- B:** Engine ground wire
- C:** Engine wire harness
- D:** Engine compartment wire harness
- E:** Right side wire harness
- G:** Left side wire harness
- P:** Battery wire harness

(RHD)

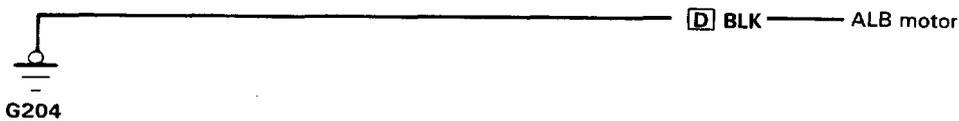

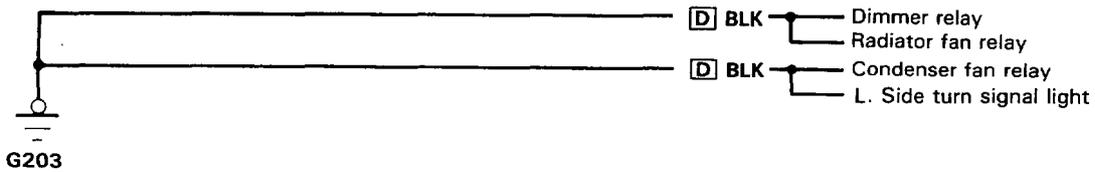

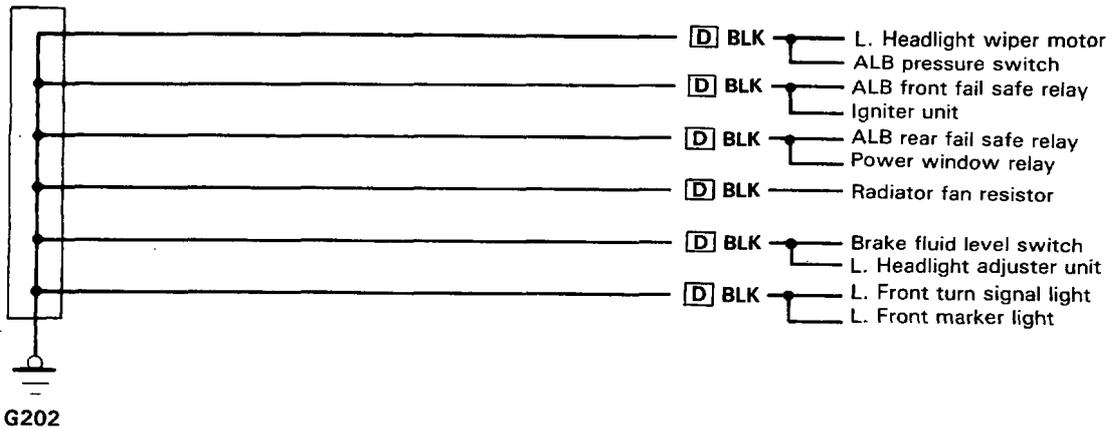

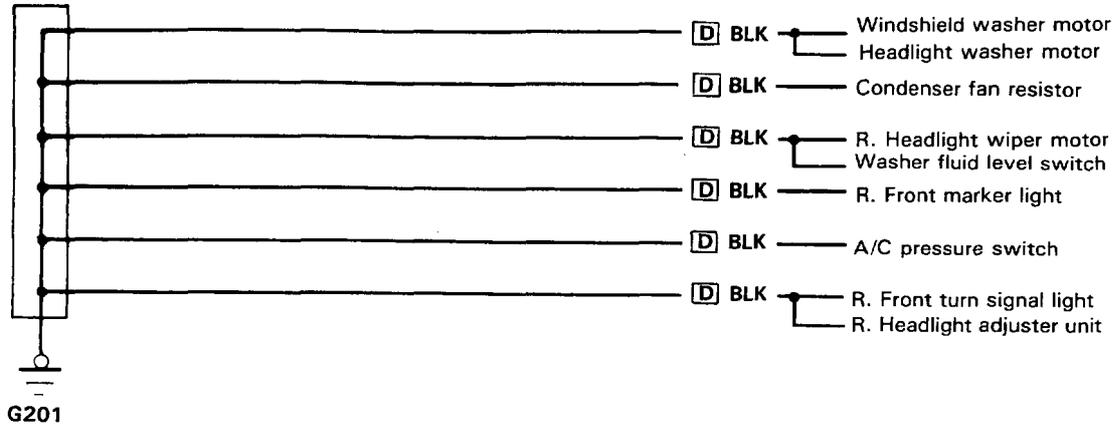

- A**: Battery ground wire
- B**: Engine ground wire
- C**: Engine wire harness
- D**: Engine compartment wire harness
- E**: Right side wire harness
- P**: Battery wire harness

(cont'd)

Ground Distribution

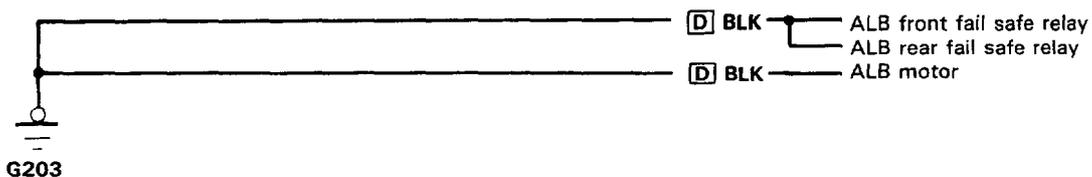

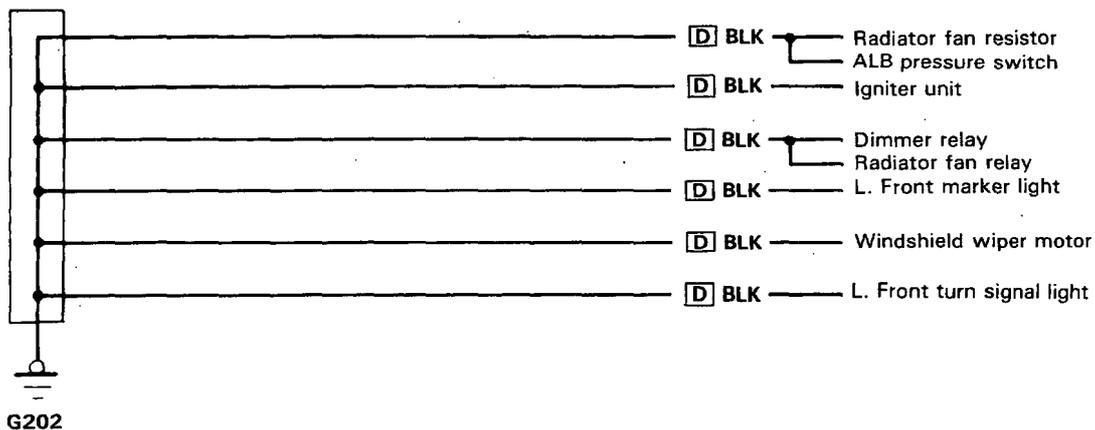

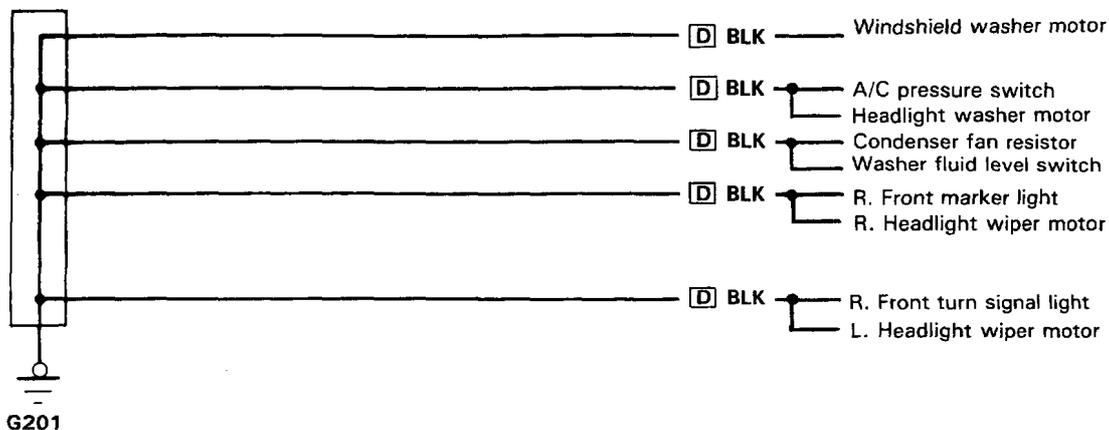

Circuit Identification (LHD)

D: Engine compartment wire harness
E: Radio condenser ground wire

(RHD)

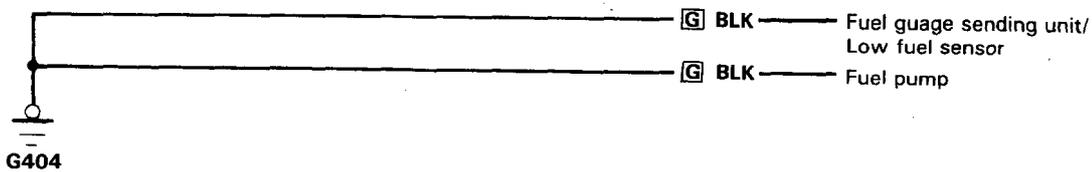

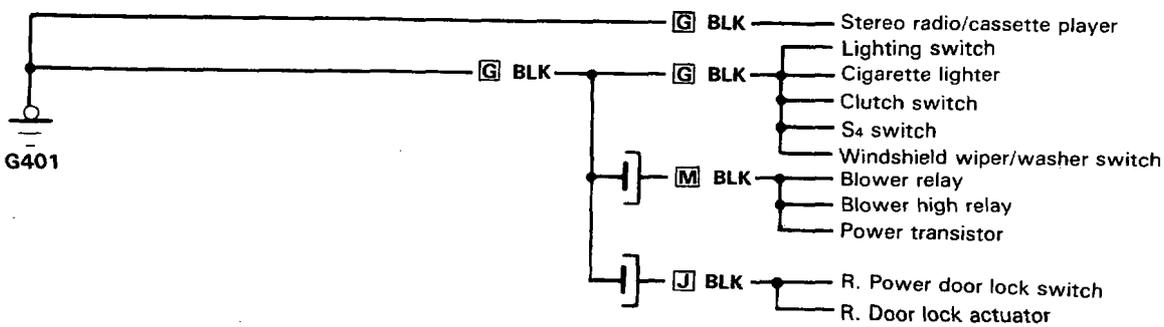

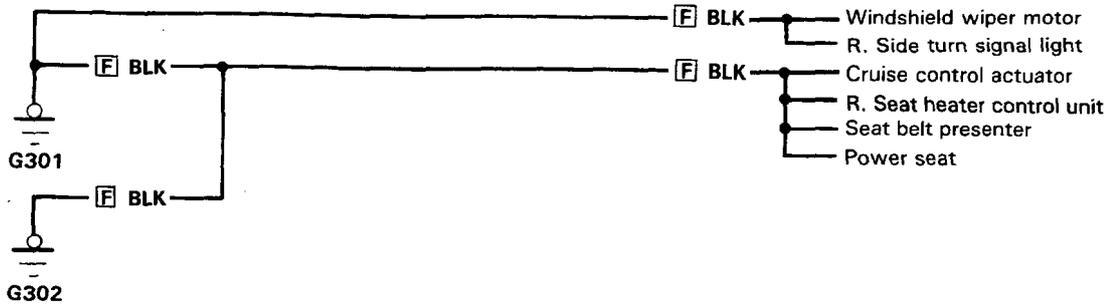

[D]: Engine compartment wire harness
 [E]: Radio condenser ground wire

(cont'd)

Ground Distribution

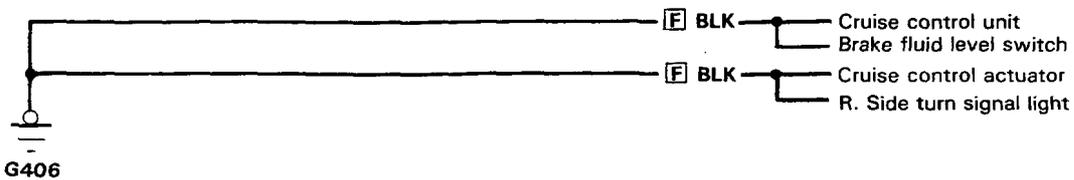

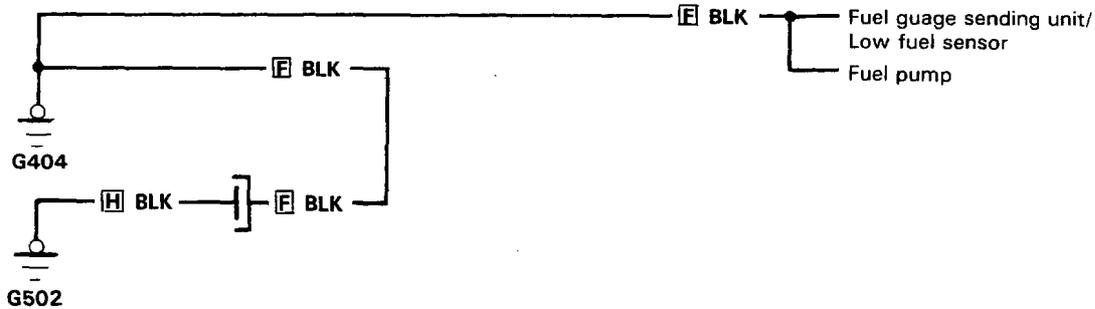

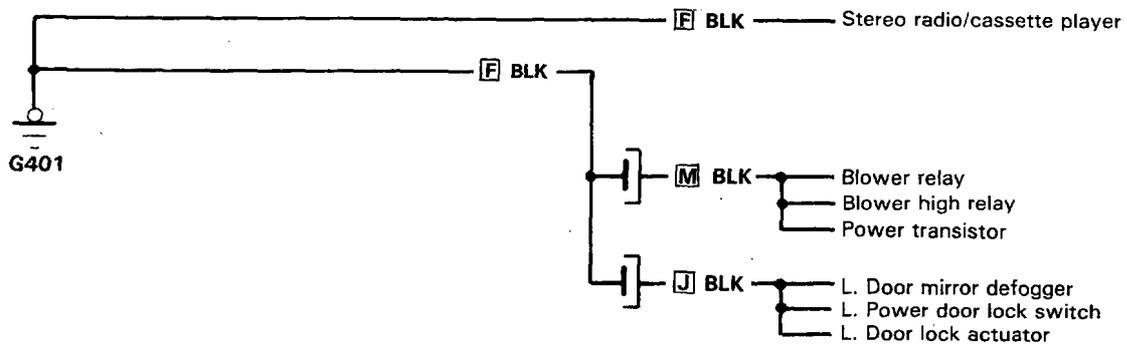

Circuit Identification (LHD)

- F**: Right side wire harness
- G**: Left side wire harness
- J**: Passenger's door wire harness
- M**: Blower wire harness

(RHD)

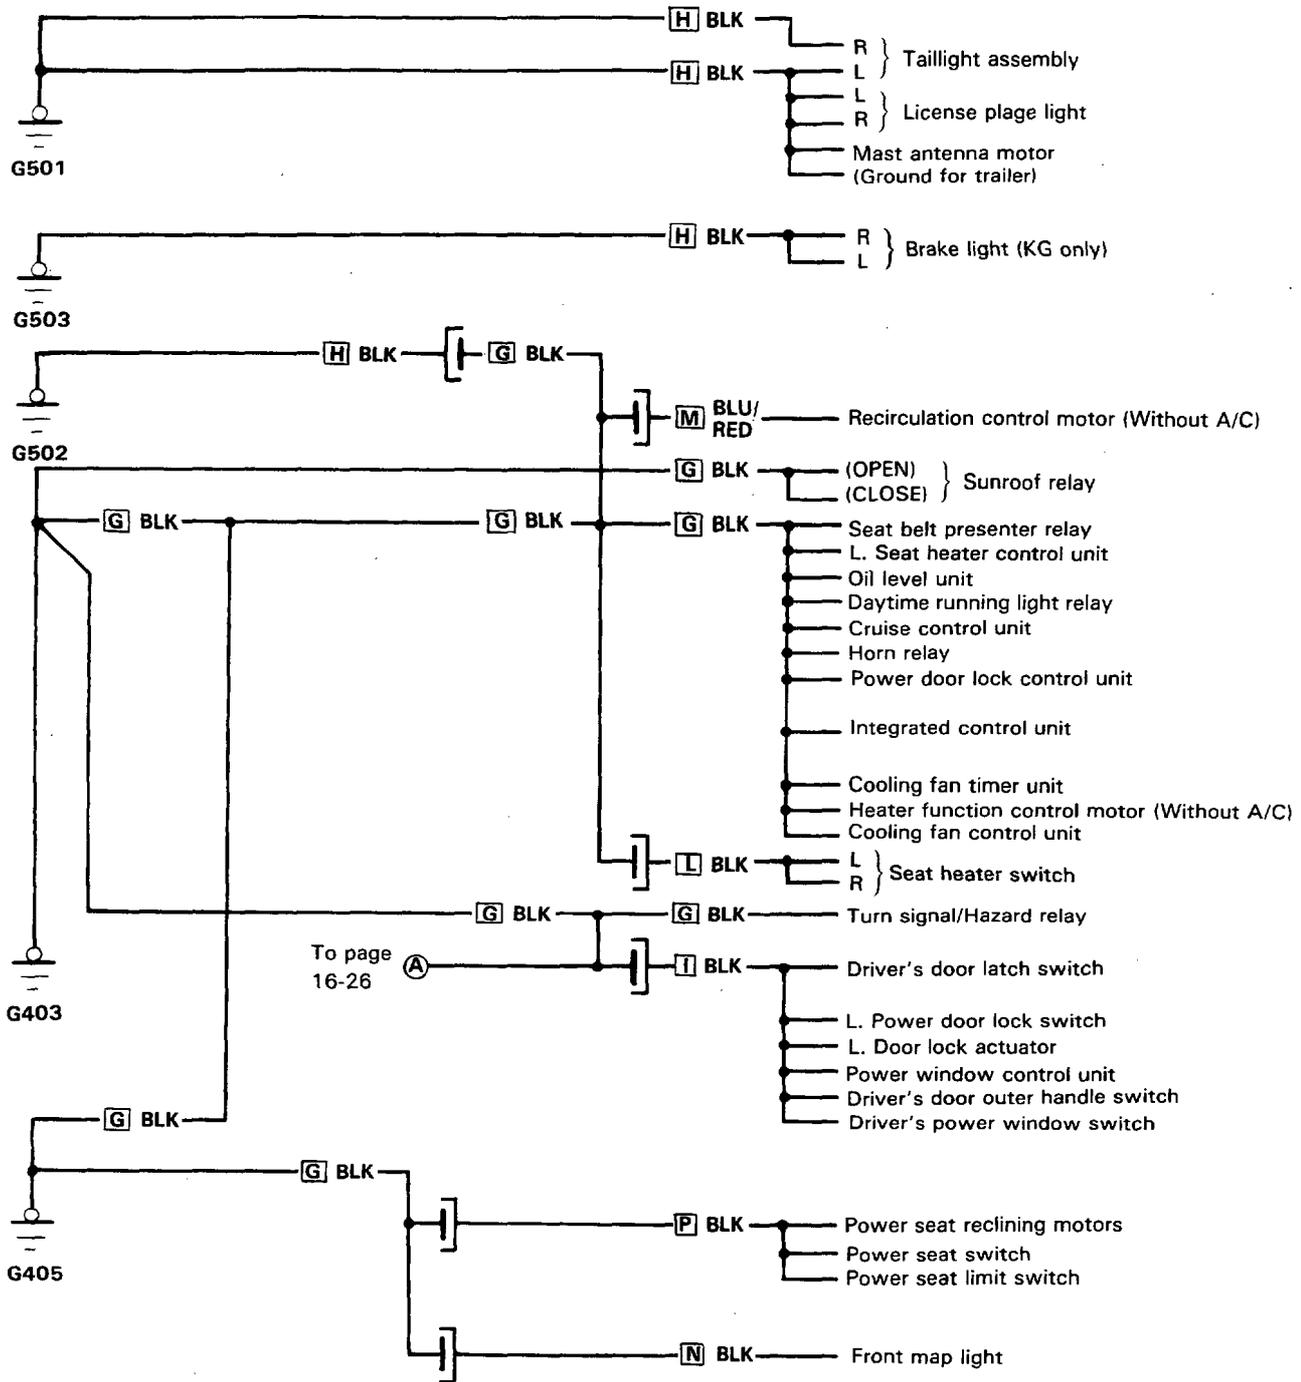

- F**: Right side wire harness
- G**: Left side wire harness
- H**: Rear wire harness
- J**: Passenger's door wire harness
- M**: Blower wire harness
- N**: Roof wires

(cont'd)

Ground Distribution

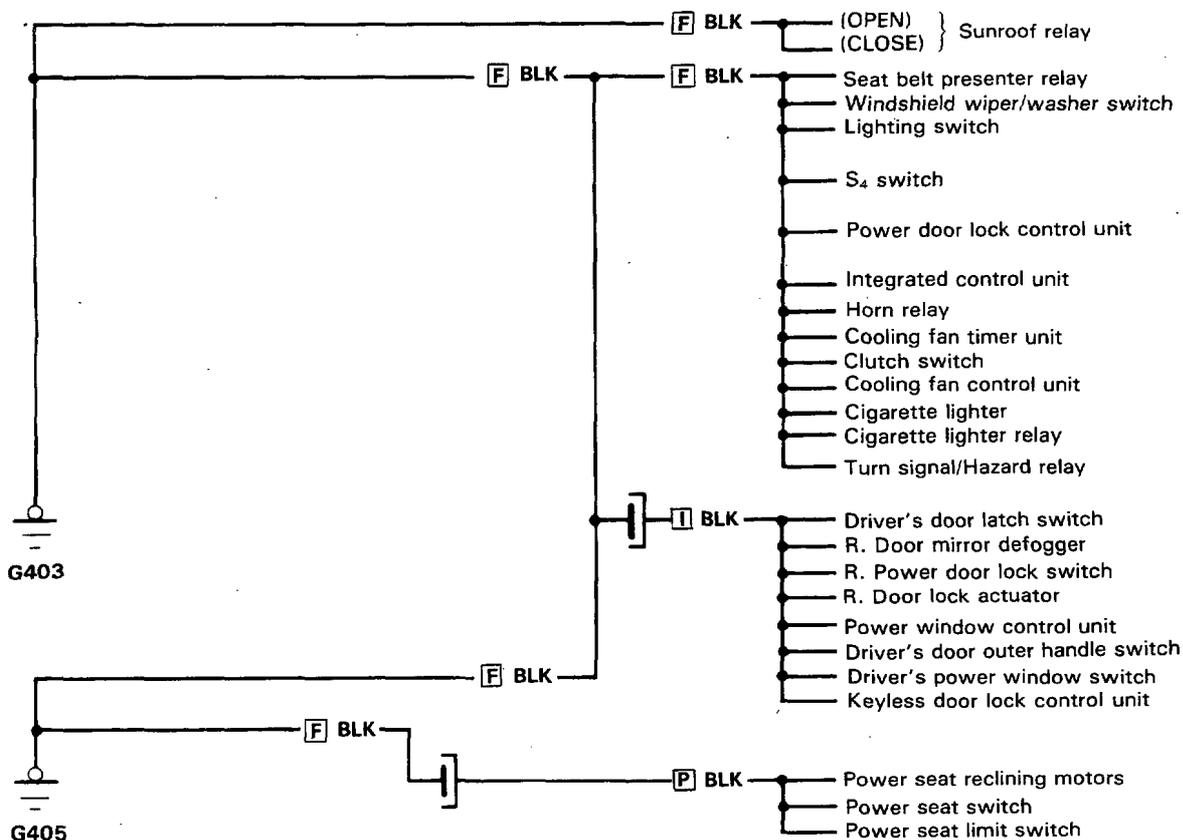

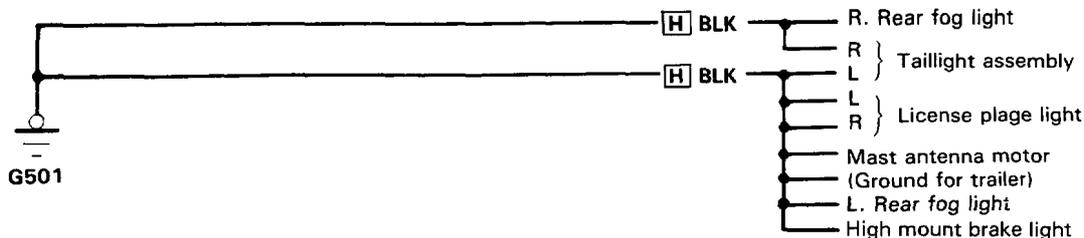

Circuit Identification (LHD)

- G:** Left side wire harness
- H:** Rear wire harness
- I:** Driver's door wire harness
- L:** Console wires
- M:** Blower wire harness
- N:** Roof wires
- P:** Power seat wire harness

(RHD)

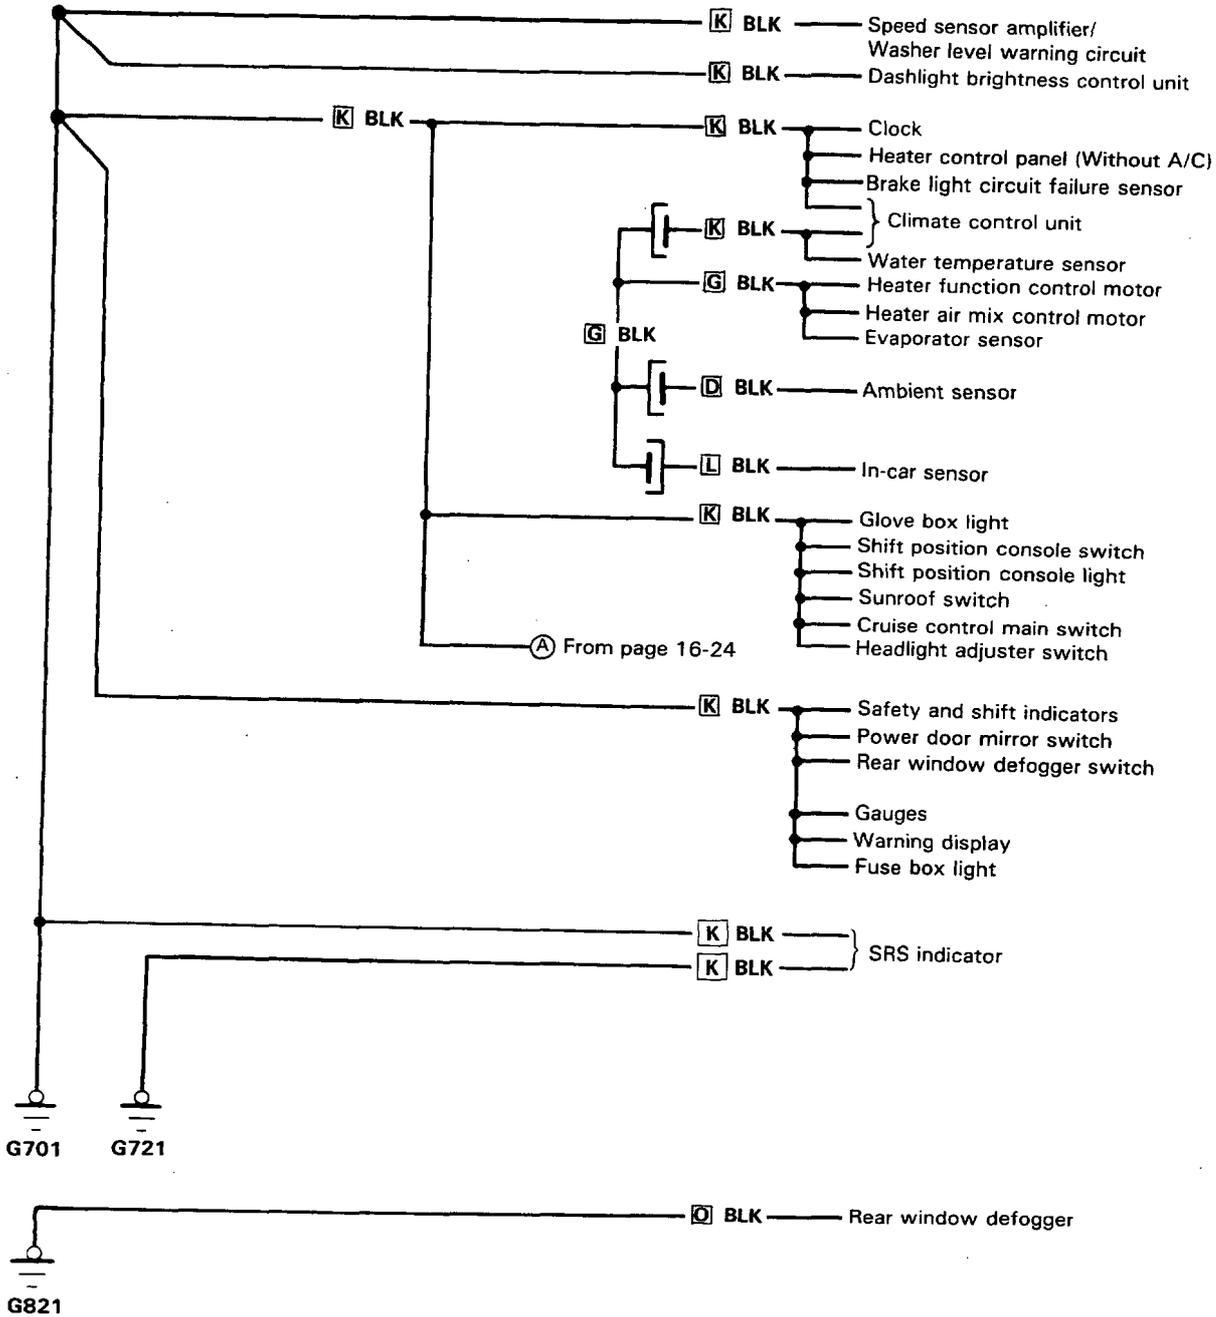

- F**: Right side wire harness
- H**: Rear wire harness
- I**: Driver's door wire harness
- P**: Power seat wire harness

(cont'd)

Ground Distribution

Circuit Identification (LHD)

- D**: Engine compartment wire harness
- G**: Left side wire harness
- K**: Dashboard wire harness
- L**: Console wires
- Q**: Defogger ground wire

(RHD)
