

The following service and repair information is taken from Subaru technical service bulletins (TSBs).

De-Powered Air Bags Bulletin 17-03-98 (Replaces Bulletin 17-01-98)

The automotive industry has been directed by the Federal Government to have “DE-POWERED” AIR BAGS installed in 1998 model year vehicles. This affective change occurred in September of 1997 for the 1998 model year Legacy and Forester vehicles and in June 1997 for the 1998 model Impreza’s. SUBARU has introduced de-powered airbags in 1998 MY production according to the chart below:

MODEL	BODY STYLE	STARTING VIN	PRODUCTION DATE
LEGACY	Sedan	W*204868	September, 1997
	SW	W*307101	
	Outback	W*617283	
	Postal	W*307141	
IMPREZA	Coupe	W*400001	June, 1997
	Sedan	W*500001	(Start of 98 MY
	Wagon	W*800001	Production)
FORESTER	(ALL)	W*750007	September, 1997

Subaru does not recommend any attempts at interchanging parts from newer systems into older vehicles or vice versa under any circumstances whatsoever.

Refer to page 21 for the most recent parts applicability information. This information can also be found in Subaru Parts Bulletin PT-74-04-98.

The National Safety Council reports that “the vast majority of people can maintain the benefits and minimize the risks of air bags by following the **ABC**’s of air bag safety:

A Adjust the front seats back and always maintain a distance of at least 10 inches from the chest to where the air bag is housed;

B Buckle everyone;

C Children 12 and under ride properly restrained in the back seat.”

info

To assure proper installation, please refer to the information listed below.

1998 Model Year LEGACY

Full Power Air Bags were in vehicles up to VIN Numbers:

- W*617282 - Outback Models
- W*204867 - Sedan Models
- W*307100 - Wagon Models
- W*307140 - Postal Models

The Full Power Air Bags part numbers are as follows:

- 98211AC880ML - Driver Side
 - 98211AC950ML - Passenger Side
-

The "De-Powered" Air Bags are in vehicles starting with VIN numbers:

- W*617283 - Outback Models
- W*204868 - Sedan Models
- W*307101 - Wagon Models
- W*307141 - Postal Models

The "De-Powered" Air Bags part numbers are as follows:

- 98211AC881ML - Driver Side
- 98211AC951ML - Passenger Side

1998 Model Year FORESTER

Full Power Air Bags were in vehicles up to VIN Numbers:

- W*750006 - All Forester Models

The Full Power Air Bags part numbers are as follows:

- 98211FC030ML - Driver Side
 - 98271FC001OE - Passenger Side, dark gray
 - 98271FC001DC - Passenger Side, dark brown
-

The "De-Powered" Air Bags are in vehicles starting with VIN numbers:

- W*750007 - All Forester Models

The "De-Powered" Air Bags part numbers are as follows:

- 98211FC060ML - Driver Side
- 98271FC002OE - Passenger Side, dark gray
- 98271FC002DC - Passenger Side, dark brown
