QUALITY DRIVEN® SERVICE

**SUBARU**

**SERVICE BULLETIN**

**APPLICABILITY:** 2008MY Subaru Vehicles  
**SUBJECT:** Paint Code Information

**NUMBER:** 13-86-07  
**DATE:** 07/13/07

**INTRODUCTION**

*Note: This is the most accurate information available at the time of printing.*

Various paint manufacturers designate their own stock numbers and coding information although many of the major suppliers now use the SOA paint codes to help eliminate confusion. Their color formulations are updated on a continual basis. Some vendors may have different color names than those provided by SOA. Be sure to double-check the codes and formulas to insure an accurate color match. If discrepancies arise, please refer your Body Shop contact inquiries to the specific paint vendor or jobber for the most updated formula information.

The paint coding information can be found on the vehicle's VIN plate. The color codes will be three characters for solid colors and three characters for a two-tone code.

**EXAMPLES:**

- A7K** - Quartz Silver Metallic
- C22** - Deep Bronze Metallic / Harvest Gold Metallic

**CAUTION: VEHICLE SERVICING PERFORMED BY UNTRAINED PERSONS COULD RESULT IN SERIOUS INJURY TO THOSE PERSONS OR TO OTHERS.**  
 Subaru Service Bulletins are intended for use by professional technicians ONLY. They are written to inform those technicians of conditions that may occur in some vehicles, or to provide information that could assist in the proper servicing of the vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do the job correctly and safely. If a condition is described, DO NOT assume that this Service Bulletin applies to your vehicle, or that your vehicle will have that condition.
