

Resin Remover

Super powerful resin cleaner

Spray

TYPE OF USE

All type of gardening cutting tool : chainsaws, hedge cutters ...
To remove all resin residues that decrease cutting efficiency

PERFORMANCE

Resin Remover is a super powerful cleaner especially designed to dissolve very quickly the resin residues that remain on the cutting swords.
Evaporates very quickly.

RECOMMENDATIONS

Shake before use.

Spray from on the areas to be cleaned and turn on the engine for a small while.

If the cutting swords are very dirty, turn off the engine and unplug the electric wire or the spark plug wire.
Respray on very dirty areas and rub with a clean rag.

Avoid spraying on plastic parts.

To protect the swords from corrosion use Motul EZ Lube.

SECURITY

Refer to the MSDS sheet and the information mentioned on the spray.
