

WIPER AND WASHER

DESCRIPTION

The wiper and washer systems have the following functions:

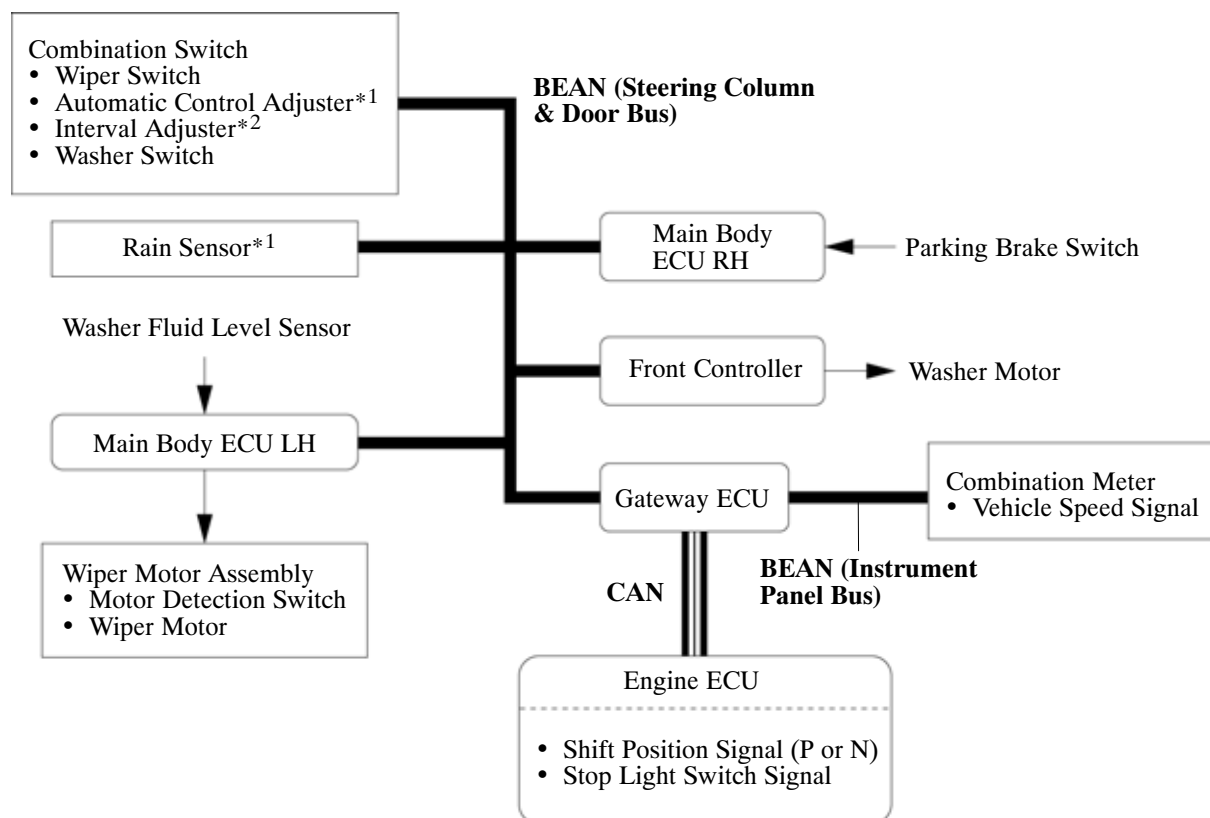

Function		Equipment	
		Standard	Option
Front Wiper Intermittent	Vehicle Speed-sensing, Adjustable Interval	○	—*2
	Vehicle Speed Switching*1	○	○
	Stopped Vehicle Intermittent Wiper	○	○
	Raindrop Sensing*2	—	○
Washer	Washer-linked Wiper with Drip-prevention*1	○	○
	Washer Fluid Level Warning	○	○

*1: Customization is possible.

*2: Used as the fail-safe mode for the raindrop sensing function.

- The Main Body ECU LH controls the wiper system.
- The front controller controls the washer system.
