

Service Tip**Enter the Bluetooth Phone**

1. Push the “INFO” button to display the “Information Menu” screen.
 2. Touch the “Telephone” switch to display “Telephone” screen.
 3. Touch the “Settings” switch to display “Settings” screen and scroll with “▼”
 4. Touch the “Enter” switch to connect cellular phone to the system. Operate the phone and input the PASS-KEY displayed on the screen.
 5. When the connection is completed, device name and Bluetooth Device Address is displayed.
- For details, see the Navigation System Owner’s Manual.

3. Diagnosis Screen Display

The diagnosis menu has been changed in order to support the rear view monitor system and the Bluetooth-enabled hands-free phone system. Therefore, the diagnosis menu contains the following five items.

273GX83

Check Mode	Detail
Service Check Menu	Performs a system check and gathers DTC (Diagnostic Trouble Codes) in memory, and, based on their results, shows the past and present inspection results of the connected devices.
Display Check	Shows a screen for checking a specific portion of the display.
Navigation Check	Shows a screen for checking a specific portion of the navigation ECU.
BT Voice Quality Set	Shows a screen for setting the voice quality for a Bluetooth-enabled hands-free phone system.

For detail of Diagnosis Screen Start-up procedure, see the LEXUS RX330/300 Repair Manual Supplement (Pub. No. RM1137E).
