

HEADLIGHT CLEANER SYSTEM

DESCRIPTION

- The headlight cleaner system is standard equipment on the all models.
- When the headlight cleaner switch turned on while the headlights are on, this system sprays washer fluid on the headlight lenses to wash the dirt off them.
- This system is controlled by the headlight cleaner control relay.

Operation

○: Activate    —: not Activated

| Item          | Headlight Cleaner Switch ON | Washer Switch ON (first time) | Washer Switch ON (second time and ON) |
