FOREWORD

This service manual has been prepared for the purpose of assisting service personnel of our distributors and dealers in providing effective service and maintenance of the Model J13, J15 and J16 Series Engines.

Since proper maintenance and service are absolutely essential to satisfy our customers, this manual should be read carefully. The following matters should be noted for effective utilization of this manual.

1. Please refer to the following **SERVICE MANUALS** in addition to this manual for complete details of the car, because this manual describes the information concerning the J13, J15 and J16 Series Engines only.
 - **SERVICE MANUAL** Datsun Pick-up Model 620 Series Chassis and Body
 - **SERVICE MANUAL** Nissan Homer Model T20 Series Chassis and Body
 - **SERVICE MANUAL** Model A321 Series Chassis and Body
2. All part names in this manual conform to the **PARTS CATALOG** Model 620, Model T20 and Model A321, and only the genuine service parts listed in this **PARTS CATALOG** must be used for replacements.
3. All information, illustrations and specifications contained in this manual are based on the latest product information available at the time of publication approval.
4. It should be emphasized that those who use this manual are responsible for revising the contents according to the Service Journal and Service Data And Specifications issued by the factory, which carry the latest factory approved servicing methods.
5. Rights for alteration of specifications and methods at any time are reserved.
