1987-93 TRUCK/PATHFINDER VEHICLES "WATER LEAKS" TROUBLE DIAGNOSIS

93 JUN 21 PM 2:13
RECEIVED

The following pages show the areas on 1987-1993 Truck/Pathfinder (D21/WD21) vehicles which are sealed with body sealing or weatherstrip. Refer to the appropriate illustration for inspection of water leaks.

Sealant should be smooth and free from cuts or gaps. Weatherstrip should be correctly installed and free from wear or cracks. Refer to Bulletin BF93-023 (NTB93-075) "DIAGNOSING WATER LEAKS."
