Axxess, Maxima, Pathfinder, Pickup,
Pulsar NX, Sentra, Stanza, 240SX, 300ZX

JACKING & HOISTING

NOTE: The illustrations given are not intended to represent the exact structure of vehicle frames, underbody or body outline. The illustrations are provided only to give a point of reference when lifting or hoisting.

FRAME & UNDERBODY

Using a floor jack or hoist, lift vehicle at points indicated by shaded areas on frame. See Fig. 1 thru 4.
