Rear Seat

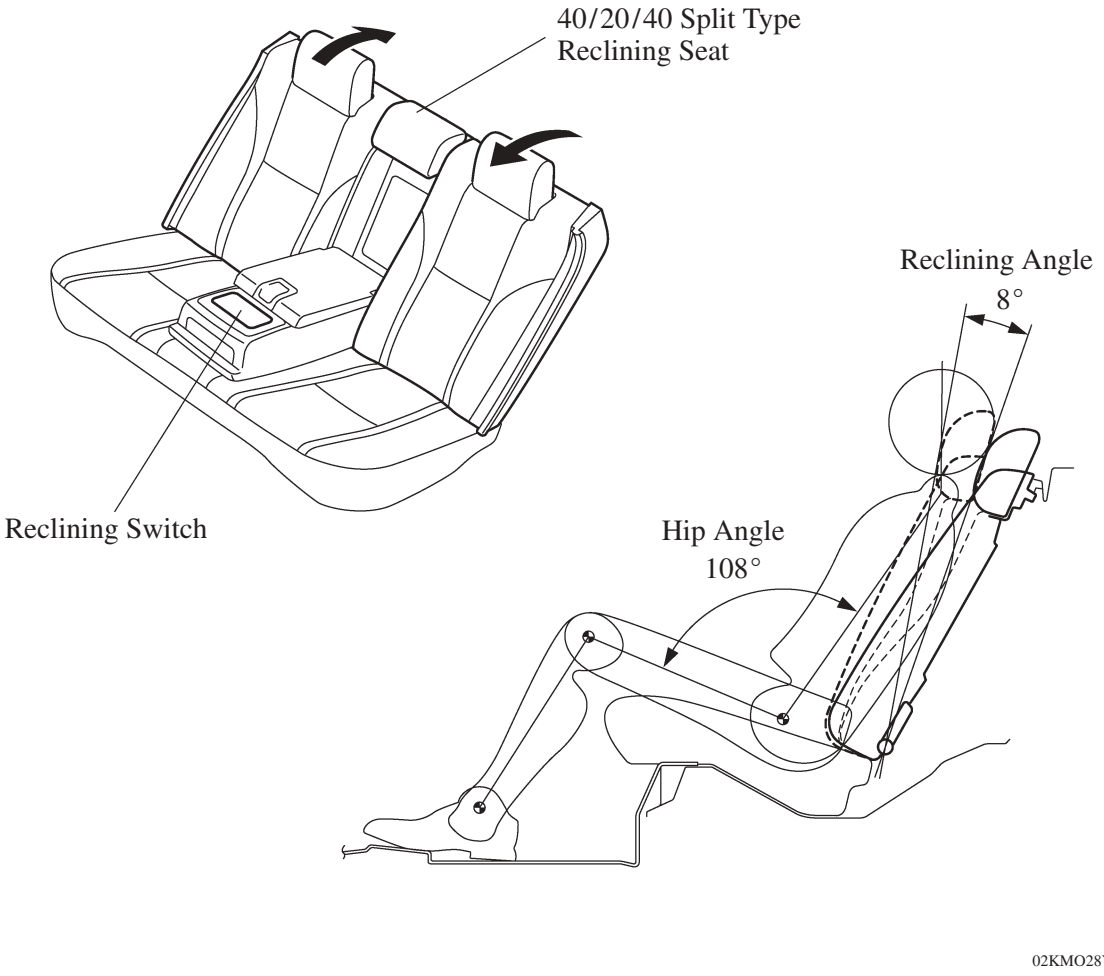

- A fold-down function has been provided for the rear seat, on D, N and G grade models with 2AZ-FE engines for Australia and G.C.C. Countries. By allowing the seat lock to be released from the trunk compartment, operational convenience has been improved.

Foldable Seat and Seat Lock Release Lever

025MO26Y

- An electric reclining function has been provided in the rear seat on G grade models for Taiwan, Vietnam, Thailand and Indonesia* and G and E grade models for the Philippines. The rear seat can be reclined in 8 degree and has a maximum hip angle of 108°, to offer a comfortable rest position.

Split Type Reclining Seat

*: Only for 2GR-FE engine model
