DEVELOPMENT OBJECTIVES

DYNA FULLY SATISFYING BUSINESS NEEDS

Functionality, efficiency and safety.
The DYNA has been developed through reviewing every scene of business use. All of its refined, simple design, comfortable interior and mechanism for smooth operation support your business powerfully.

THREE ATTRACTIVE FEATURES OF DYNA

Feature 1 Design

The stylish design take the lead in the trend of small trucks.

Feature 2 Main Mechanism

The mechanism gentle to the earth realizes cleaner exhaust emission while ensuring a high output.

Feature 3 Main Equipment

The equipment and specifications aimed mainly at easy use and driver’s comfort will powerfully support your business.
