FJ CRUISER

OUTLINE OF NEW FEATURES

The following changes have been made to the new FJ Cruiser.

1. Exterior Color

The following exterior colors have been provided.

Color No.	Color Name	Note
3L5	Red	New
058	White	Carryover
1G6	Gray Metallic	Carryover
202	Black	Carryover
4V6	Beige	Carryover
5A3	Yellow	Carryover*
6V7	Dark Green	Carryover
8T6	Blue	Carryover*
8W2	Grayish Blue	Carryover
3R8	Brick Red Metallic	Discontinued

*: Only on RHD models

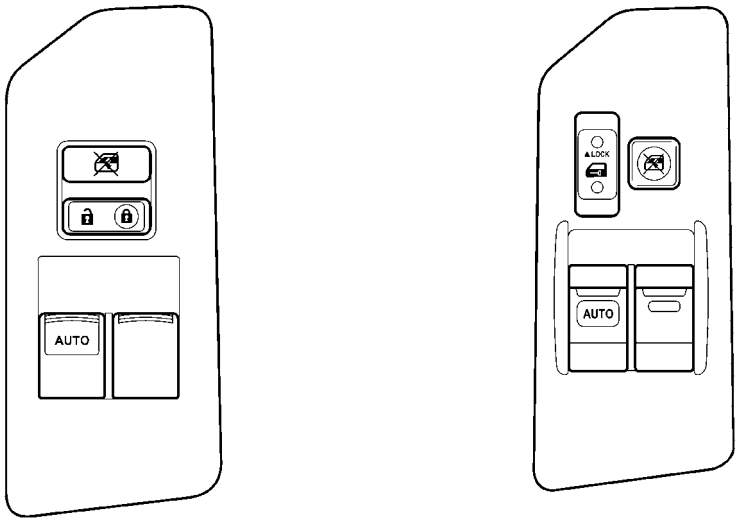

2. Brake Control System (ABS with EBD, Brake Assist, TRC, A-TRC and VSC)

If the engine control system malfunctions, the skid control ECU prohibits the TRC from operating. When such a situation occurs, the skid control ECU will turn on the TRC OFF indicator light to warn the driver. Other brake control systems remain the same as the conventional ones.

3. Power Window System

The design of the multiplex network master switch assembly and power window regulator switch assembly on LHD models has been changed.

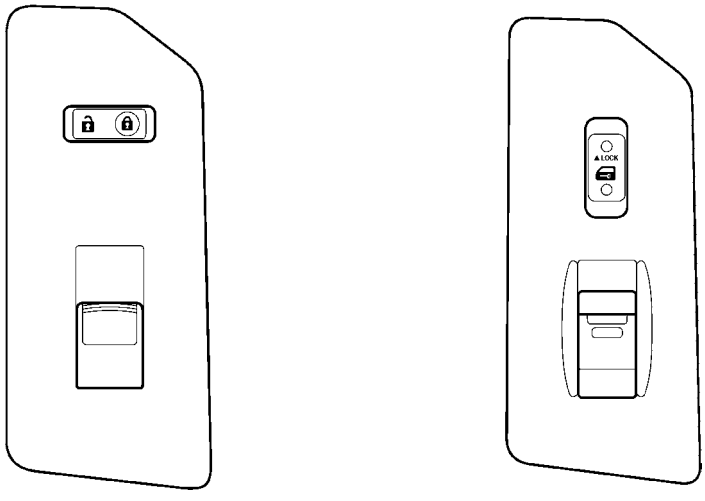

▶ Multiplex Network Master Switch Assembly ◀

New **Previous**

07D5IN01

▶ Power Window Regulator Switch Assembly ◀

New **Previous**

07D5IN02

4. Power Outlet System

On Australian and South African models, 2 power outlet sockets have been added to the rear deck side trim. In addition to the existing power outlet socket provided on the lower portion of the instrument panel, the 3 power outlet sockets in total will increase the convenience.
