■CHILD RESTRAINT SYSTEM ANCHORAGES

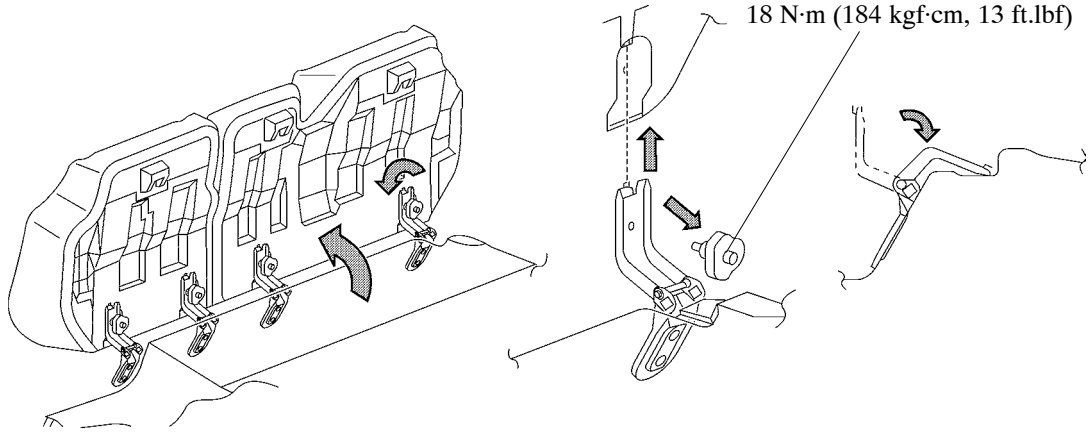

CRS (Child Restraint System) lower anchorages for securing child seats are provided at the point where the seat cushions of the rear seat meet.
Three CRS anchor brackets for use when securing child seats are provided on the rear of the seat backs.

0240BO16C

■REMOVABLE SEAT CUSHIONS

Removable seat cushions have been adopted. Removing the seat cushions increases the length of the luggage compartment, allowing large pieces of luggage to be stowed.
