NEW FEATURES

SEAT

■ FRONT SEAT

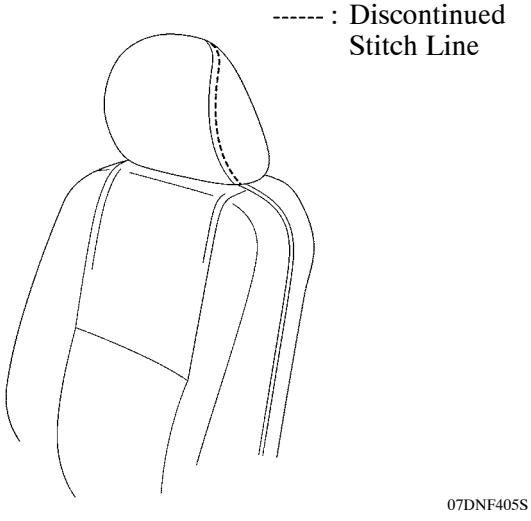

The forward tilt angle of the front passenger seat has been increased from 14° to 40° to improve the ease of getting in and out of the rear passenger seat.

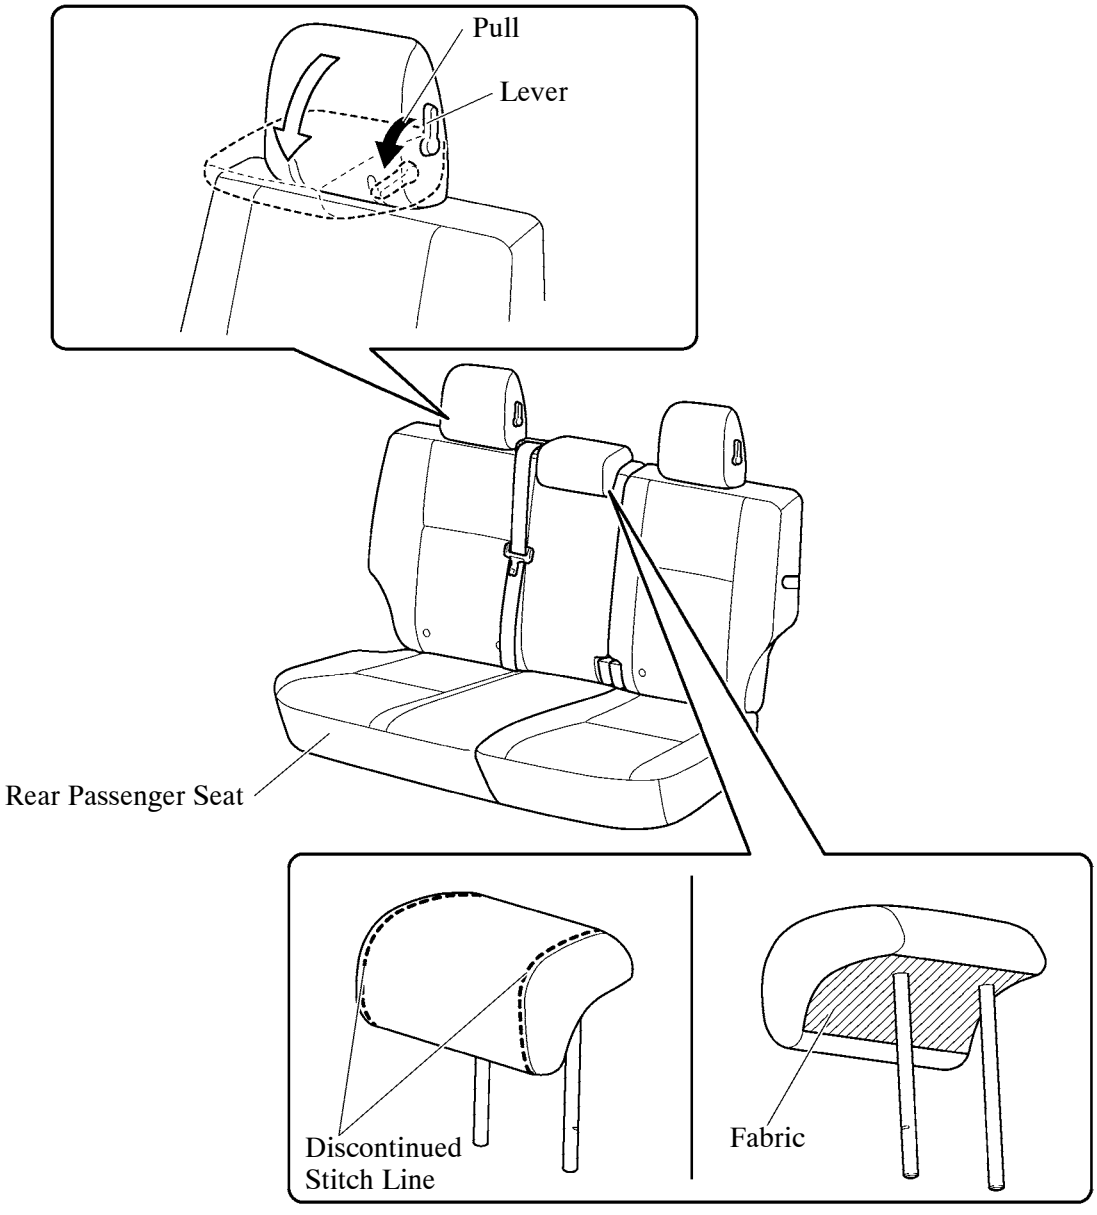

■ HEADREST

- The decorative stitch lines on the front and rear headrests have been discontinued.
- The bottom surface of the center rear passenger seat cover has been changed from soft leather to fabric.
- The side rear passenger seat headrests have been increased in size, and a fold-down mechanism is used to ensure occupant protection and rearward visibility. The headrest can be folded forward by operating the lever on the side of the headrest.
