■AUDIO SYSTEM

1. Description

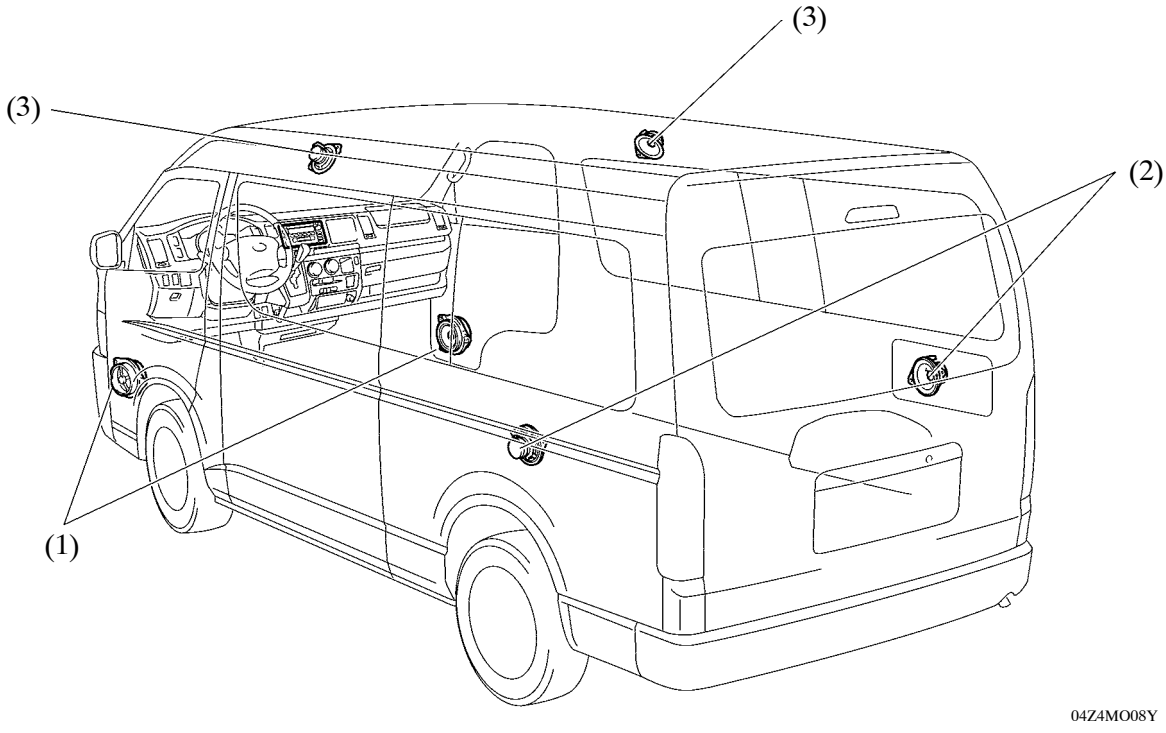

- The audio specifications for the destinations shown in the table below have been changed.

▶ Head Unit Specifications ◀

Destinations	Design	Specifications	Major changes
The equipment optional for all models except for Latin America	 04Z4MO02Y	● AM (9kHz)/ FM tuner ● CD player ● WMA and MP3 playback supported ● Manufacturer: Fujitsu TEN	● Cassette player abolished ● WMA and MP3 playback supported
The equipment optional for Latin America	 04Z4MO17	● AM (10kHz)/ FM tuner ● CD player ● WMA and MP3 playback supported ● Manufacturer: Panasonic	● Cassette player abolished ● WMA and MP3 playback supported
The equipment optional for South Africa GL grade models	 04Z4MO03Y	● AM (9kHz)/ FM tuner ● CD player ● RDS function provided ● MP3 playback supported ● Manufacturer: Pioneer	● MP3 playback supported

- The speakers used for the rear quarter speakers of both the 4 speaker system and 6 speaker system equipped models have been changed to the 10 cm diameter type, making them the same type as the roof speakers used for the 6 speaker system. With this change, the number of speaker bundles has been reduced from three to two, enhancing the serviceability.
