INTRODUCTION

OUTLINE OF NEW FEATURES

The following changes have been made for the new HIACE.

1. Model Line-up

The newly added and discontinued models are shown in the table below.

Destination	Newly Added Model Code	Destination	Discontinued Model Code
Thailand	● KDH201R-RBMDYT ● KDH203R-RDMNYT ● KDH223R-LEMDYT	Thailand	● KDH200R-RBMDYT ● KDH202R-RDMNYT ● KDH222R-LEMDYT
General Countries	TRH200R-SSPDK		

2. Engine

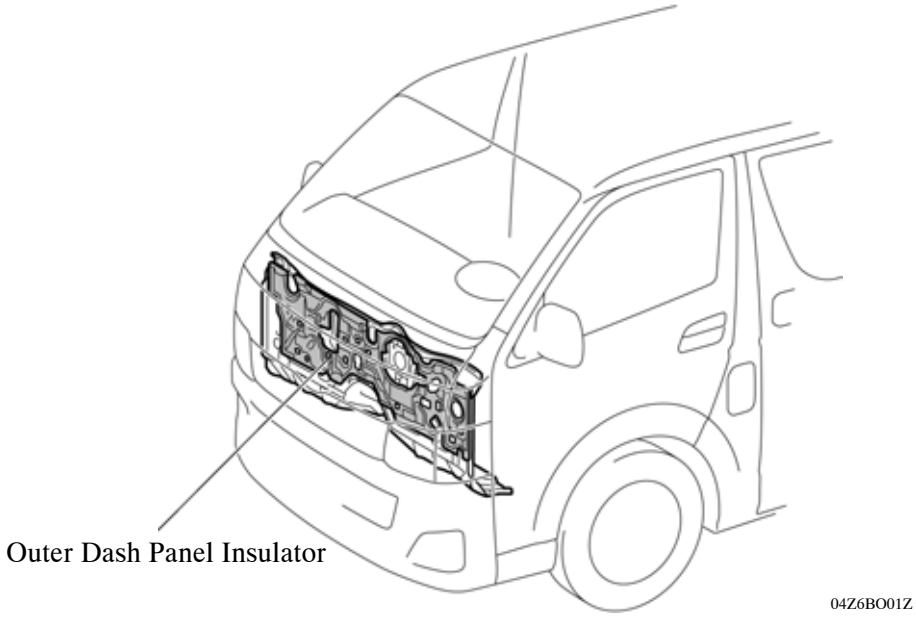

- Specifications for 2TR-FE engine for Thailand models have been modified for compliance with EURO IV regulations from EURO III regulations.
- Specifications for 2KD-FTV engine for Thailand models that complied with EURO III regulations have been changed to 1KD-FTV engine that comply with EURO IV C/D mode (Chassis Dynamo mode) regulations.
- Specifications for 1KD-FTV engine for Chile package models have been modified for compliance with EURO V regulations from EURO IV regulations.
- On models for Hong Kong package, 1TR-FE engine has been adopted. For details, see page 12.

3. Automatic Transmission

On models for Hong Kong package, the A45DE 4-speed automatic transmission has been adopted. For details, see page 72.

4. Body

An outer dash panel insulator has been provided for the models equipped with the 1KD-FTV engine that complies with the EURO V regulations.

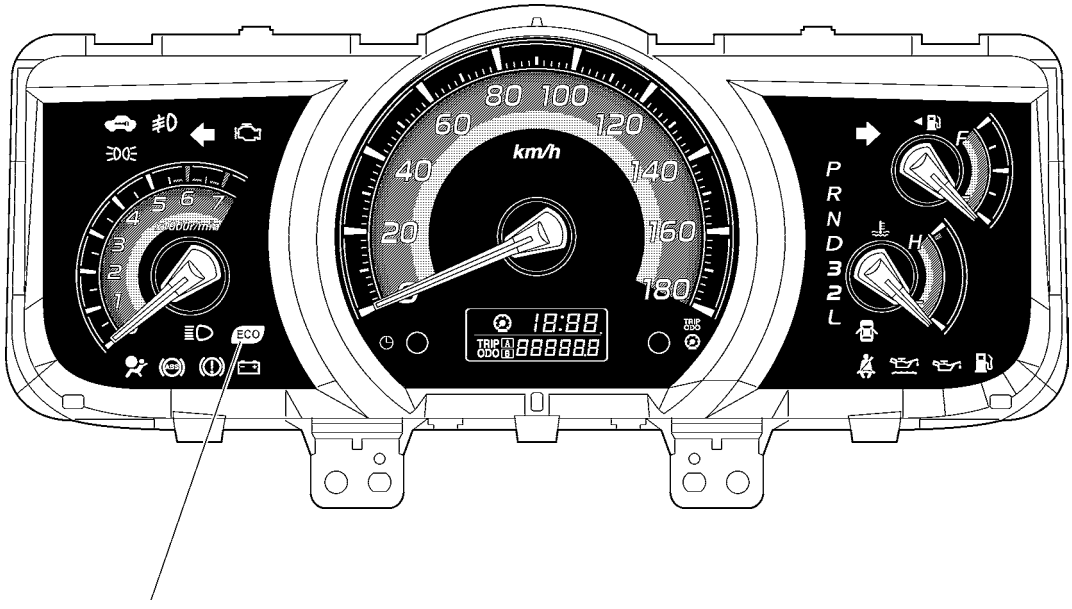

5. Windshield and Door Glass

The dark gray glass, a one-side opening window which was optionally provided for the rear quarter glass RH of the Thailand models, has been abolished.

6. Combination Meter

- A DPF indicator light has been provided for the 1KD-FTV engine equipped Chile package models.
- For the 1KD-FTV engine equipped Chile package models, the water temperature threshold value that is used for one of the conditions to turn on the engine oil lower level warning light has been increased from 55°C to 60°C.
- For the 1KD-FTV engine equipped Chile package models, a part of the system has been changed, including the change of the target to which the oil pressure terminal connected from the engine oil pressure switch assembly to the ECM.
- The Eco Driving Indicator Light has been adopted to the combination meter assembly of the 1TR-FE engine models for Hong Kong package. For details, see page 93.
