■ SEAT LAYOUT

- A 10-passenger (2 + 2 + 3 + 3) specification has been adopted for the India package models.

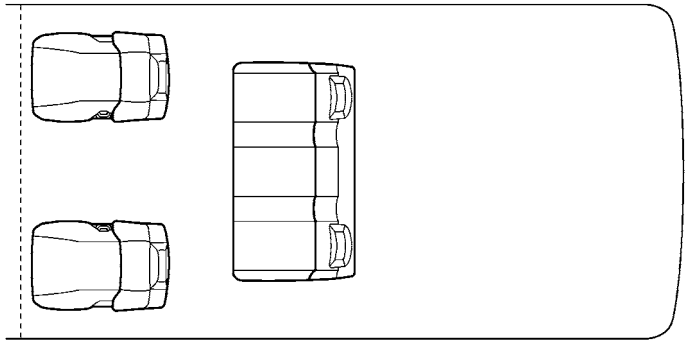

26T1BO07

- A 12-passenger (2 + 2 + 2 + 3 + 3) specification has been adopted for part of the commuter models for Australia.

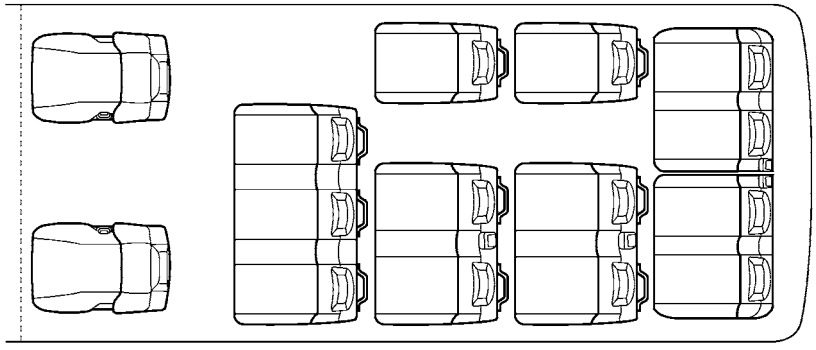

26T1BO08

- For part of the van models with a standard body for Australia, a 3-passenger rear seat has been added, making it a 5-passenger (2 + 3) specification. For the 3-passenger rear seat, a reclining structure, a seat sliding structure (120 mm), and a folding function have been adopted. A head rest has been provided on both of the outside seats of the 3-passenger rear seat.

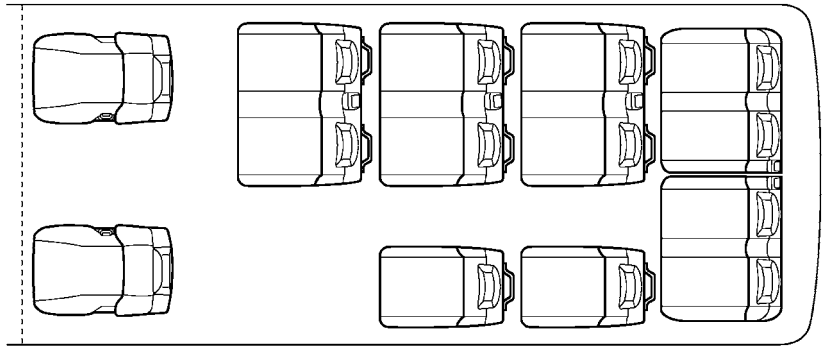

26T1BO09

- For some models, a 3-point type seat belt all seats specification of a 15-passenger (2 + 3 + 3 + 3 + 4) has been adopted.

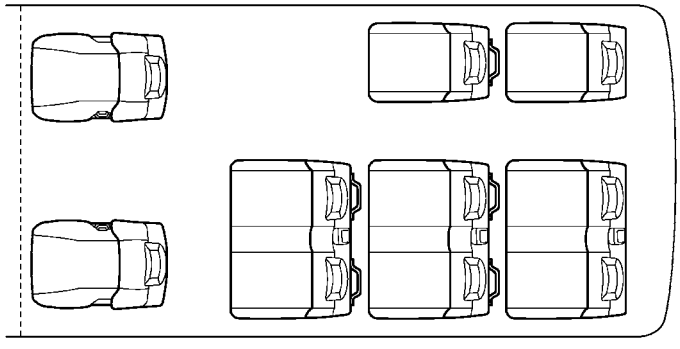

26T1BO10

- For part of the models for general countries, a 3-point type seat belt all seats specification of a 14-passenger (2 + 2 + 3 + 3 + 4) has been adopted.

26T1BO11

- A 10-passenger (2 + 2 + 3 + 3) specification has been adopted for a newly provided GL grade for the Chile package models.
