# MULTIPLEX COMMUNICATION

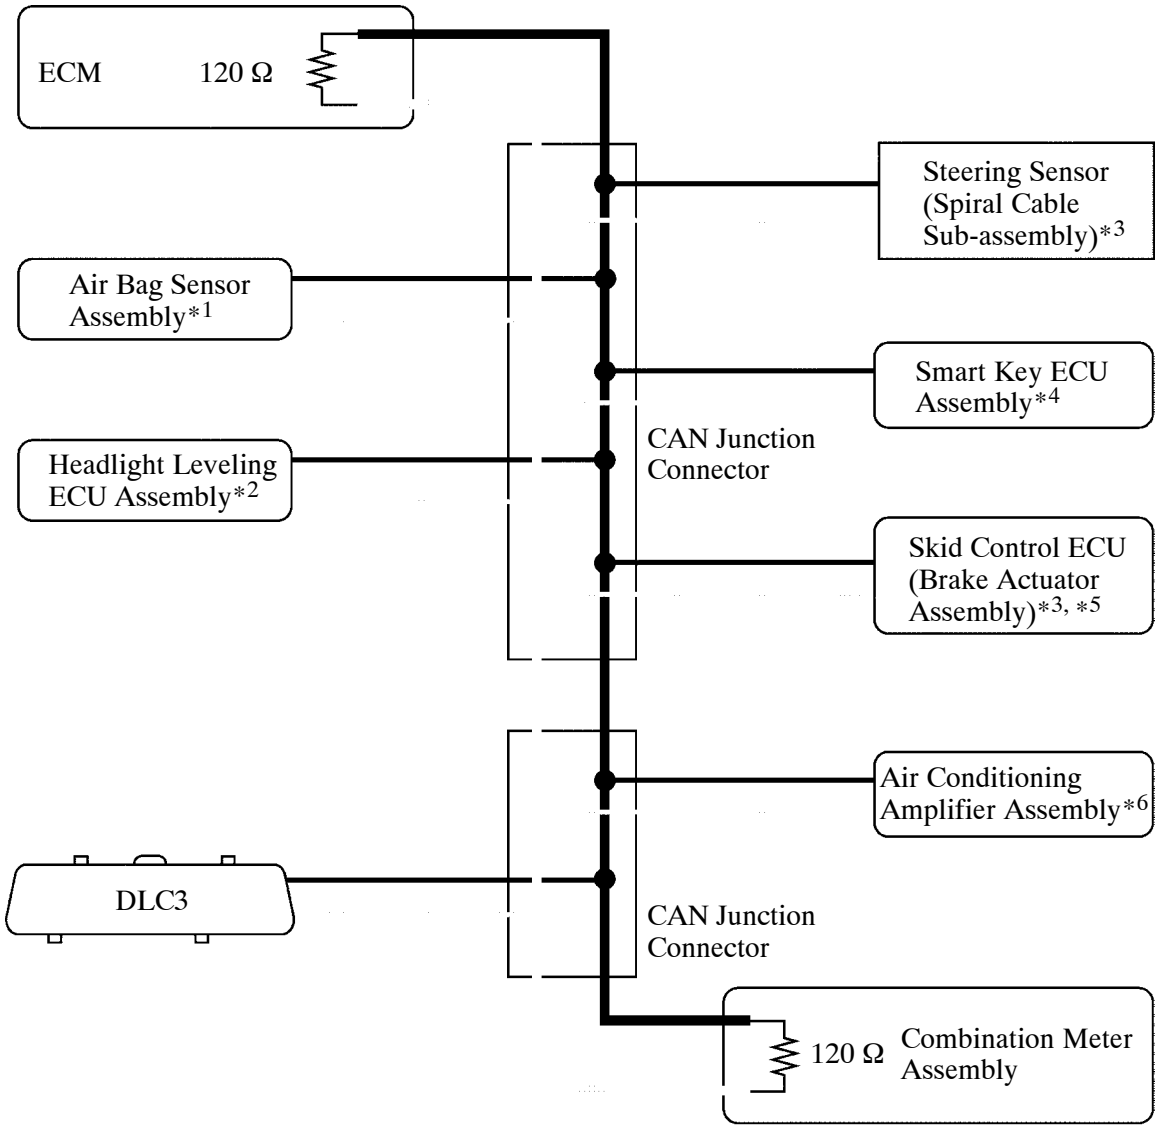

## ■ CAN

### 1. General

An air bag sensor assembly*1, a steering sensor (spiral cable sub-assembly)*2, a skid control ECU (brake actuator assembly)*2, *3 have been added to the CAN system of the models other than for South Africa.

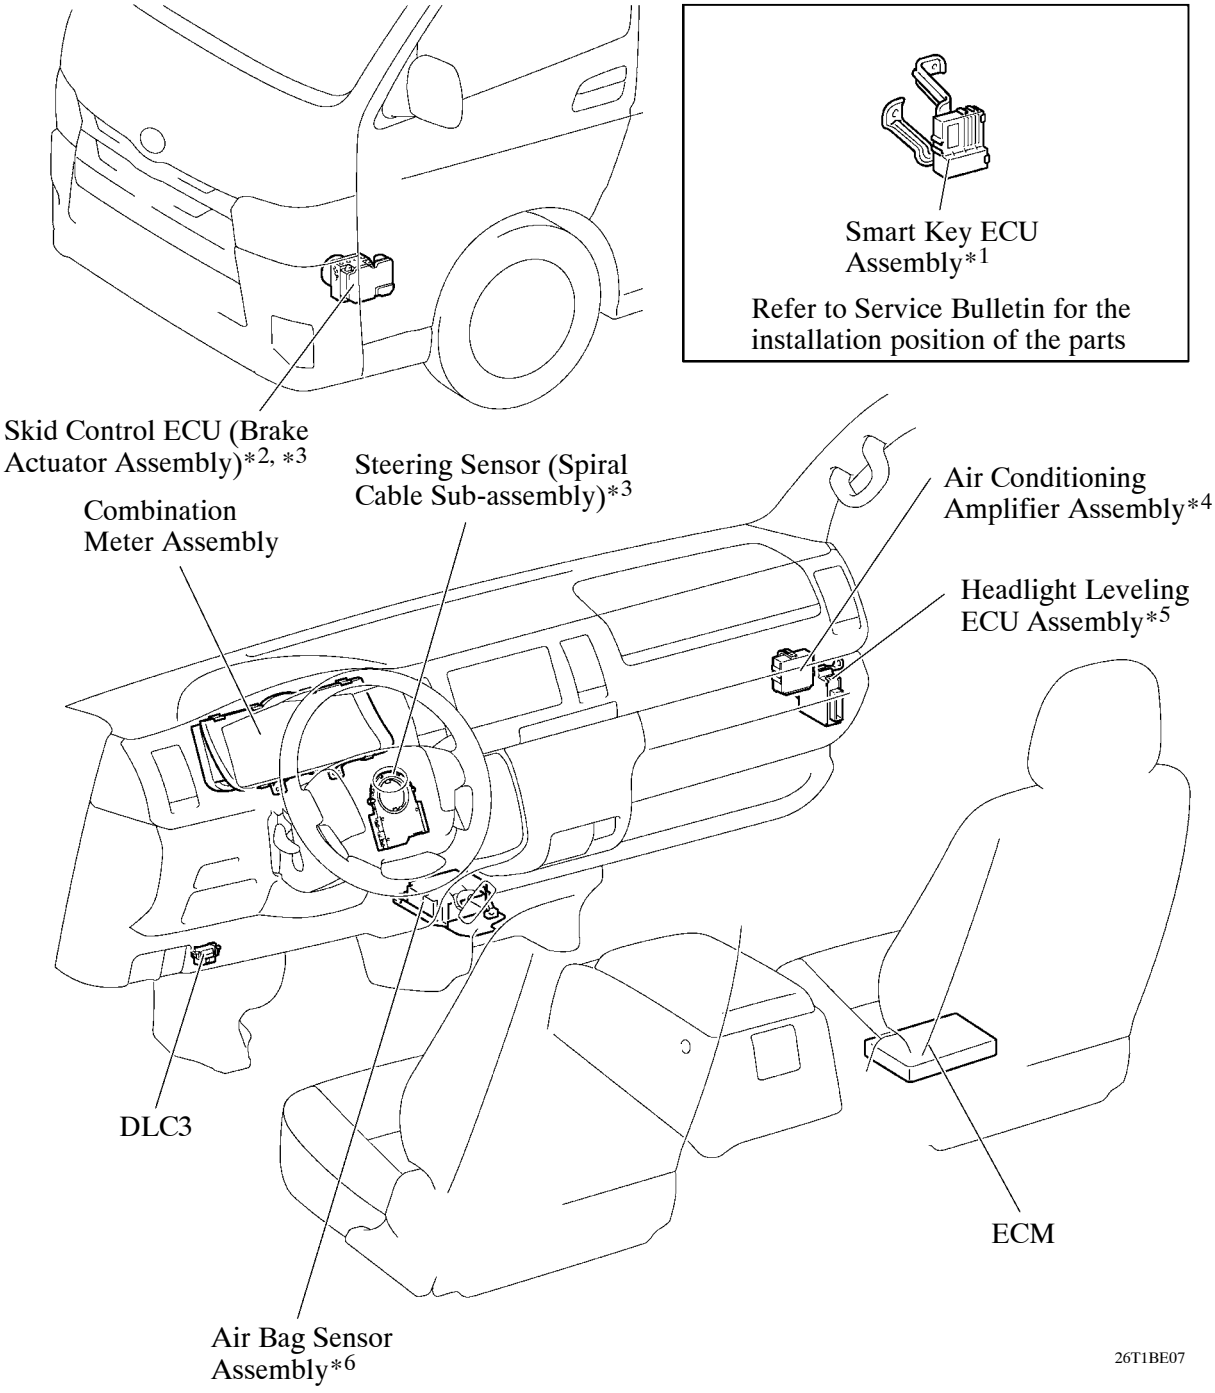

*1: Models with SRS airbag system
*2: Models with TRC & VSC
*3: Models with ABS

**▶ System Diagram of the V Bus (Except Models for South Africa) ◀**

*1: Models with SRS Airbag System
*2: Models with LED Headlight Assembly
*3: Models with TRC & VSC
*4: Models with Entry and Start System
*5: Models with ABS
*6: Models with Air Conditioning System

## 2. Layout of Main Components

*1: Models with Entry and Start System
*2: Models with ABS
*3: Models with TRC & VSC
*4: Models with Air Conditioning System
*5: Models with LED Headlight Assembly
*6: Models with SRS Airbag System
