INTRODUCTION

OUTLINE OF NEW FEATURES

The following changes have been made for the new HIACE.

1. Model Line-up

The newly added and discontinued models are shown in the table below.

Destination	Newly Added Model Code	Destination	Discontinued Model Code
General Countries	● KDH203L-REMDY ● KDH223L-LEPNY ● KDH213L-JDPNY ● KDH213L-KDPNY	General Countries	● TRH213L-JDMNK ● KDH212L-JDMNY ● KDH212L-JDPNY ● KDH212L-KDPNY

2. Engine

- The 1KD-FTV engine (EURO IV regulations) has been adopted for the Philippines package models.
- The 2KD-FTV engine for the Philippines package models has been discontinued.

3. Rear Seat

Newly shaped rear seat shoulder belt guide and rear seat back board sub-assembly have been adopted for the China package models.

4. Windshield Glass

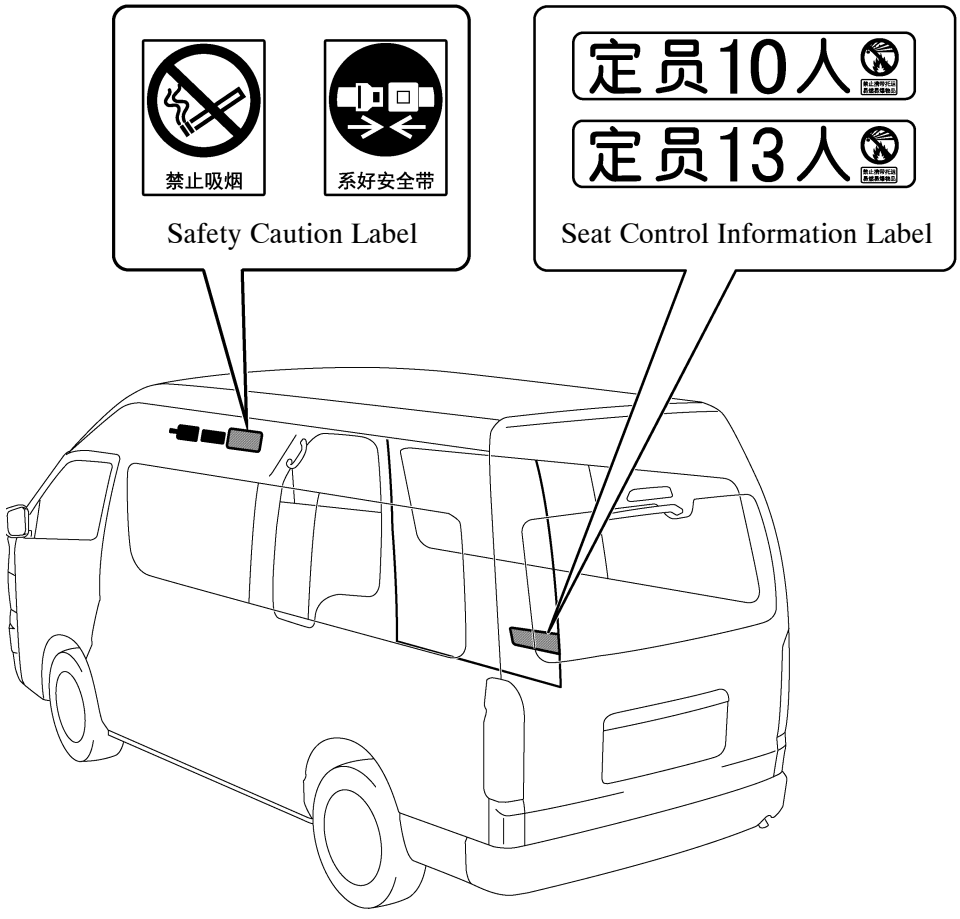

Windshield glass with top shade has been adopted for some South Africa models.

5. License Plate

4-point type front bumper extension mounting bracket and outer back door panels have been provided for the China package models.

6. Caution Label (China Package Models)

- Safety caution labels (labels prompting the passengers to fasten the safety belt, Non-smoking labels) have been adopted and applied on the front roof headlining assembly LH (top of the front side glasses).
- A mark indicating that flammable and explosive materials are not allowed has been added on the seat control information label (riding capacity indication label).
- The seat control information label is applied on the left bottom of the outer side door RH.
