HIGHLANDER

OUTLINE OF NEW FEATURES

The following changes have been made for the 2009 model year.

1. Interior

A leather type steering wheel and shift knob set is provided as optional equipment for the N grade.

2. Brake Control System

A TRAC OFF indicator light has been added and design of the VSC OFF indicator light has been changed. In accordance with this, while the VSC OFF switch is operating, the indicator light will be activated as follows:

○: Operates —: Not Operates

Item	Brake Control Function		TRAC OFF Indicator Light	VSC OFF Indicator Light
	TRAC	VSC	 10SCH007Y	 10SCH009Y
Normal Mode	○	○	—	—
TRAC OFF Mode*	—	○	Light ON	—
VSC OFF Mode	—	—	Light ON	Light ON

*: When the vehicle exceeds a determined speed [approximately 50 km/h (31 mph)], Normal mode will operate.

3. Audio System

- An SDARS (Satellite Digital Audio Radio Service) antenna is newly provided as standard equipment* on M, SPORT, and LIMITED grades, and also on N grade of models with 2GR-FE engine that are equipped with the AM/FM tuner in-dash 6CD changer 6-speaker system audio head unit.
- A steering pad switch, which accommodates an audio control (volume +/–, seek ▲/▼, and MODE) function, is newly provided as optional equipment for the N grade.

*: A separate SDARS tuner is necessary to use the SDARS.
