

■ ILLUMINATED ENTRY SYSTEM

- All Thai, Malaysian and Philippine SR grade models, as well as all Australian models, except 2TR-FE engine models, are equipped with the illuminated entry system.
- This system controls the key illumination in accordance with the opening and closing of the doors.
- Two types of body ECU have been provided, depending on the vehicle specifications. Key illumination control differs according to the body ECU type. For details, refer to the table below.

Wireless Door Lock System	Theft Deterrent System	Outline
○	—	● Illuminates when the any door is opened. ● Turns OFF when the ignition switch is turned from OFF to ON. ● Turns OFF when the all doors are locked. ● Turns OFF the key illumination 7.5 seconds after the all doors is closed. Key illumination control of KUN26R-PRPDYQ operates as described above, regardless of the setting.
○	○	● Illuminates when the driver's door is opened. ● Turns OFF the key illumination 5 seconds after the driver's door is closed.
