

The diagram illustrates the electrical system for the Power Source and Headlight Cleaner. The Power Source section includes a BATTERY connected to a 140A ALT (F17 FUSIBLE LINK BLOCK) and a 20A HEAD CLNER. The Headlight Cleaner section includes a 20A WIPER and a HEADLIGHT CLEANER CONTROL RELAY. The diagram shows the wiring for the IG1 (IGNITION SW), AM1 (80A), and IG1 NO. 1 RELAY, along with various terminals (W, B, L-B, A, IG, PB, EE) and a J15 JUNCTION CONNECTOR.
