This diagram shows an exploded view of a mechanical assembly. The main components are arranged vertically. At the top is a cylindrical component with a flange and a central shaft. Below it is a larger, more complex component with a central shaft and a flange. At the bottom is a base component with a central shaft and a flange. Various callout letters (A through Z) are placed around the diagram, with lines pointing to specific parts. The letters are arranged in a grid-like pattern, with some letters appearing multiple times. The diagram is a technical drawing, likely for a patent or a technical manual.
