CENTER BODY PILLAR (CUT): 5-Door

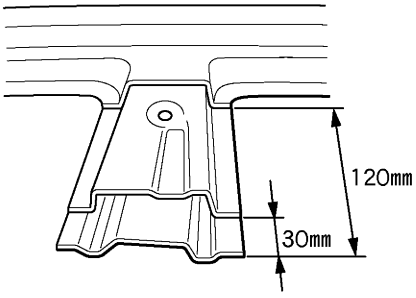

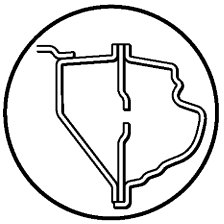

REMOVAL

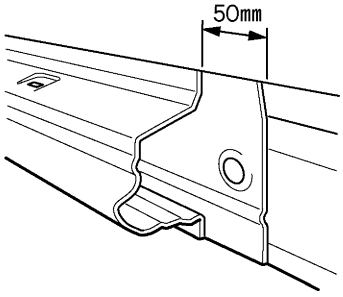

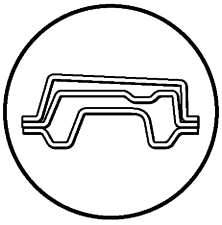

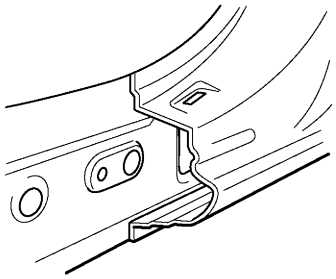

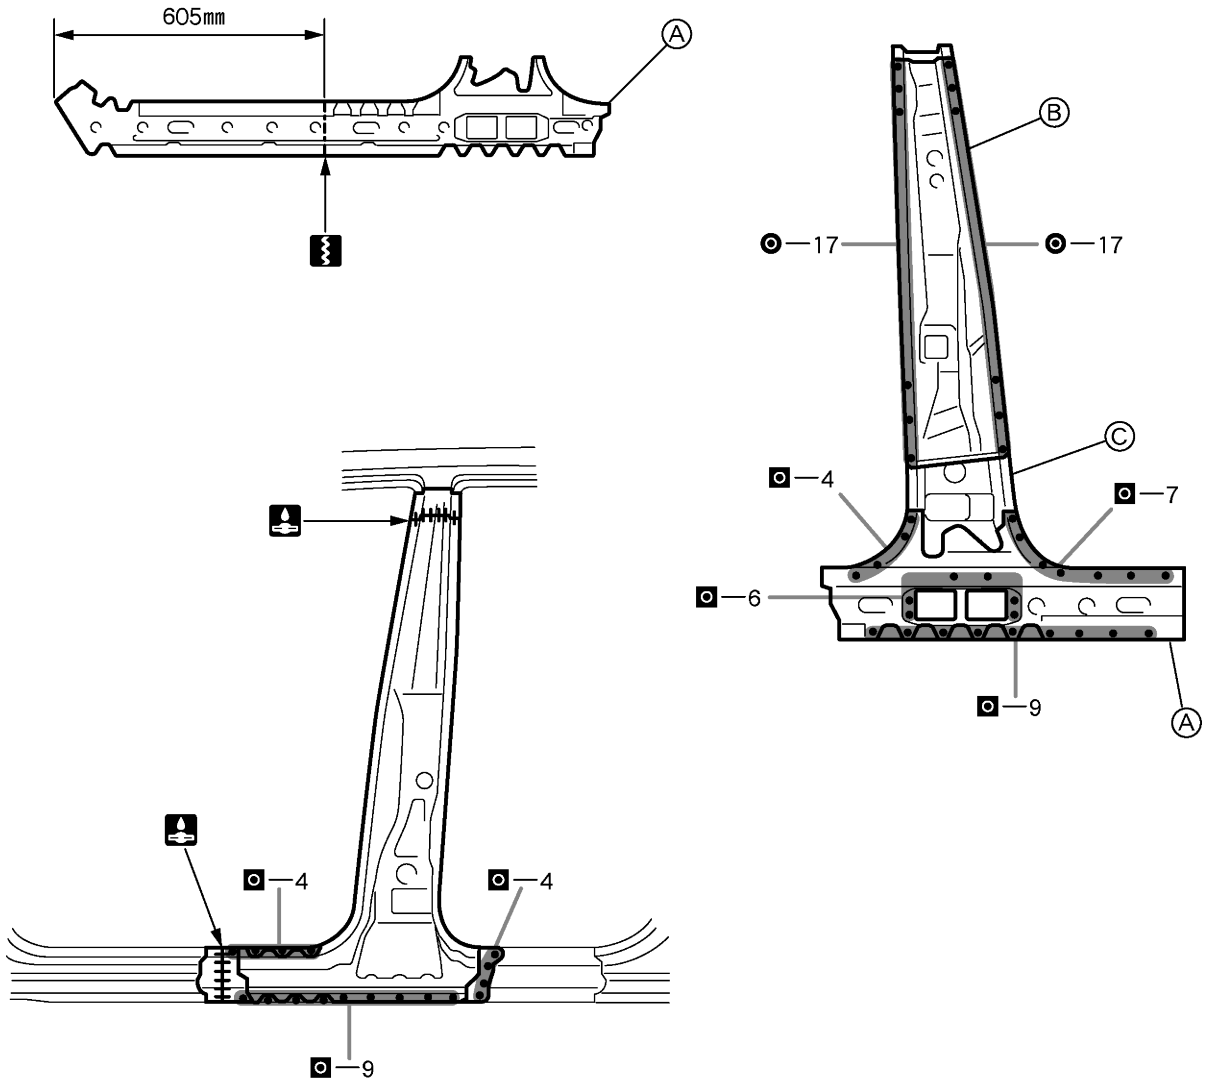

30mm (1.18in.) 50mm (1.97in.) 120mm (4.72in.) 320mm (12.60in.)

INSTALLATION

- Temporarily install the new parts and measure each part of the new parts in accordance with the body dimension diagram. (See the body dimension diagram)
- Inspect the fitting of the related parts around the new parts before welding. This affects the appearance of the finish.
- After welding, apply the polyurethane foam with corresponding parts.
- After welding, apply body sealer and under-coating to the corresponding parts.
- After applying the top coat layer, apply anti-rust agent to the inside of the necked section structural weld spots.

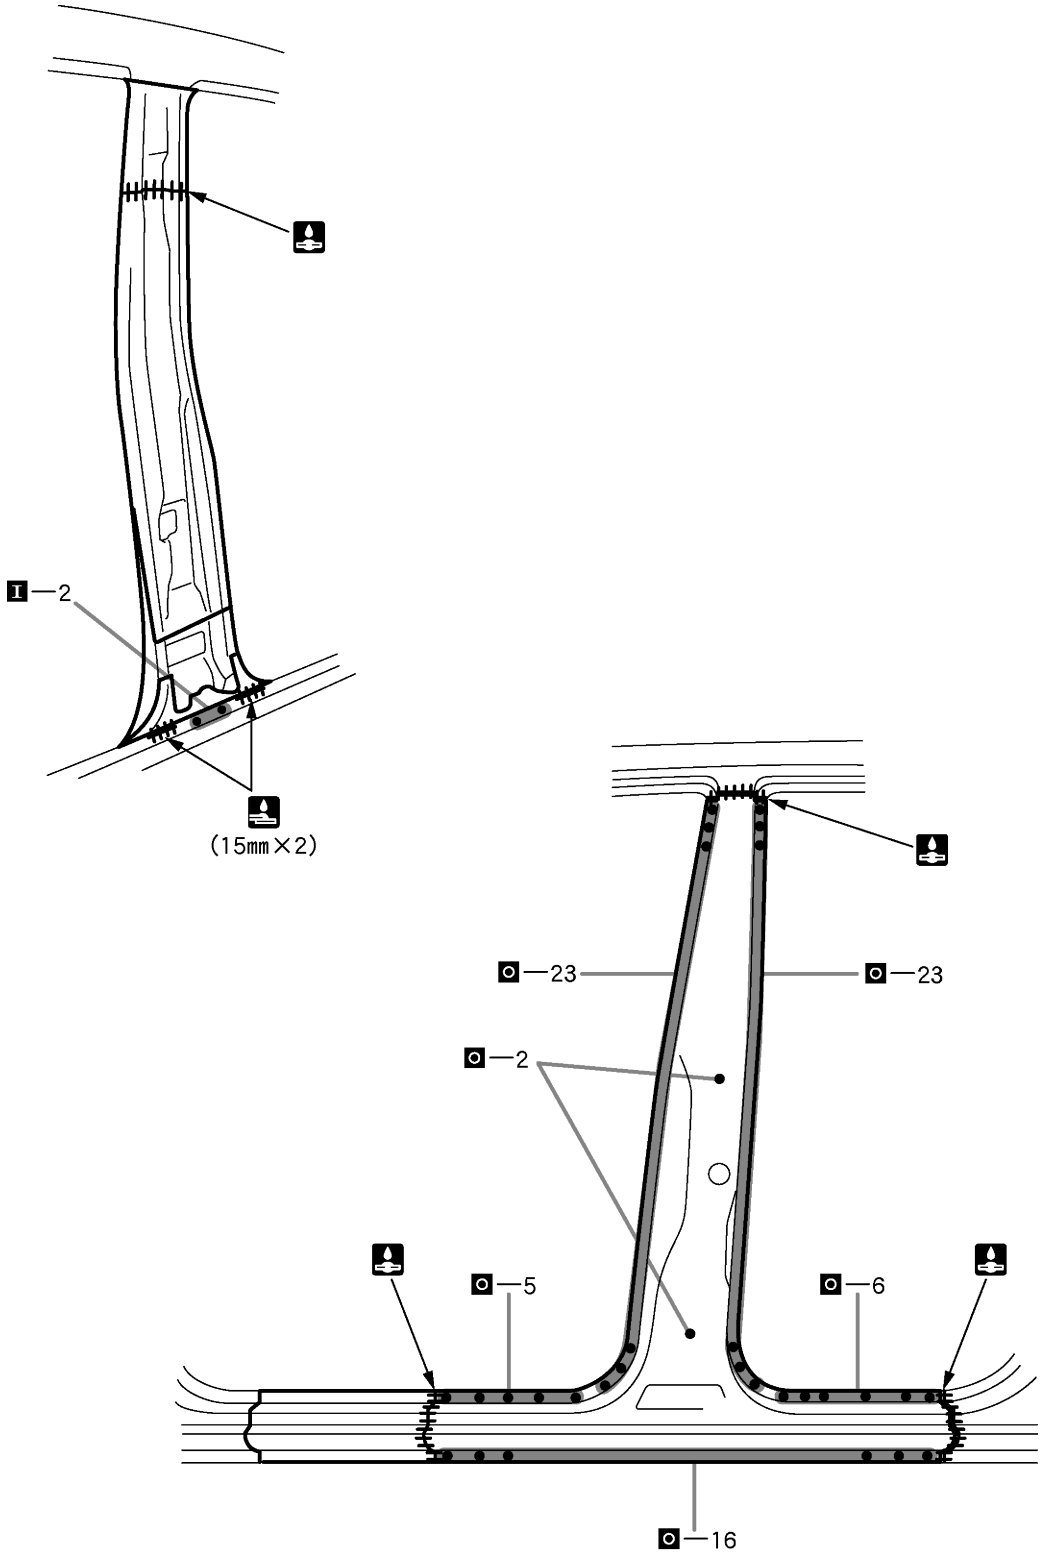

POINT

1 After welding the reinforcement to the vehicle side, install the outer pillar.
