: Cut with Disc Sander etc.

F43352B

REMOVAL

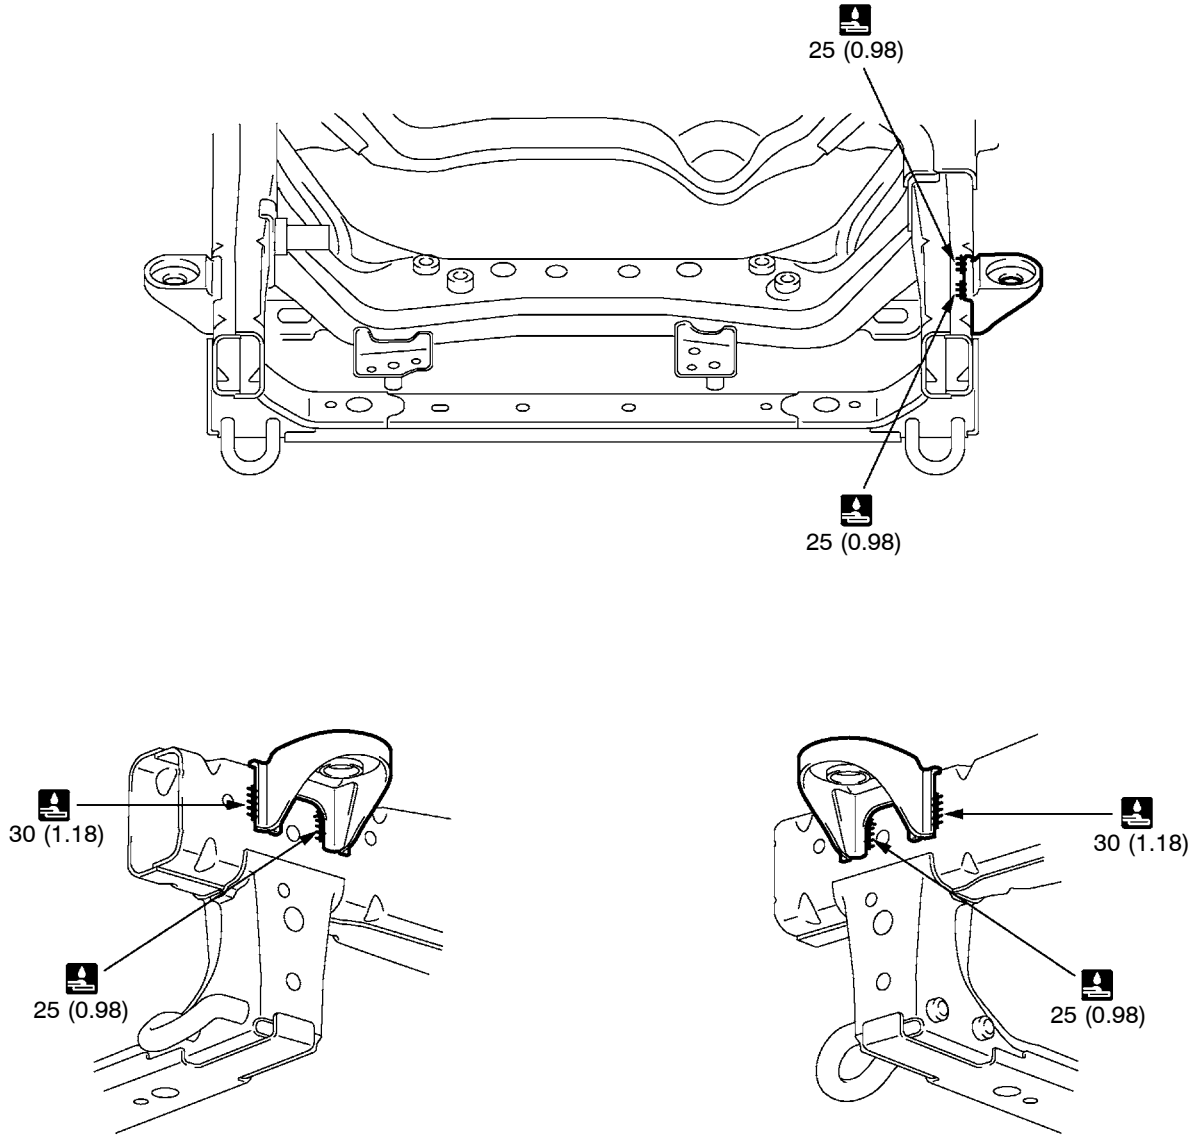

F43352

Symbol meaning

: Fillet Weld

F43353B

INSTALLATION

mm (in.)

F43353

INSTALLATION POINT

1 Make sure that proper welding can be performed by setting up the welding conditions as necessary before performing work.
2 Before installing the cab mounting No. 1 brackets, set the cab (upper body) on the vehicle frame and confirm the cab mounting No. 1 brackets' installation positions.
3 To prevent heat deformation, weld the right and left side of each part before continuing to the next part.
4 After applying the top coat, apply anti-rust agent to the internal panel portion of the closed section structural weld points.
