Seat

- Both the front and rear seats have adopted a slim and innovative design consisting of gentle curves.
- Each front seatback has a concave shape to give more legroom, and a pocket is provided for enhanced utility.

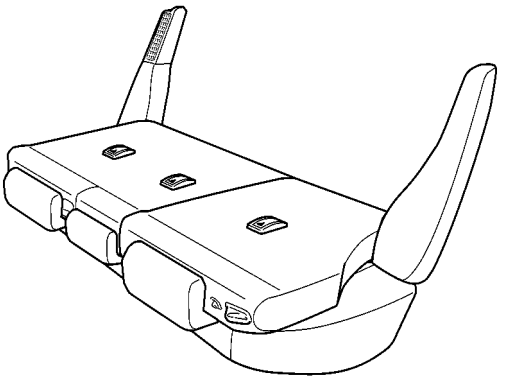

256MO20

- The rear seat is a fixed seat with seatback that split into two at a 60/40 ratio. Furthermore, the rear seatbacks easily fold forward, enabling the rear seat to be used as a flat cargo deck.
