HEADLIGHT CLEANER SYSTEM

■ DESCRIPTION

- The headlight cleaner system is optional equipment on the cold area specification LHD models.
- When the headlight cleaner switch turned on while the headlights are on, this system sprays washer fluid on the headlight lenses to wash the dirt off them.
- This system is controlled by the headlight cleaner control relay.

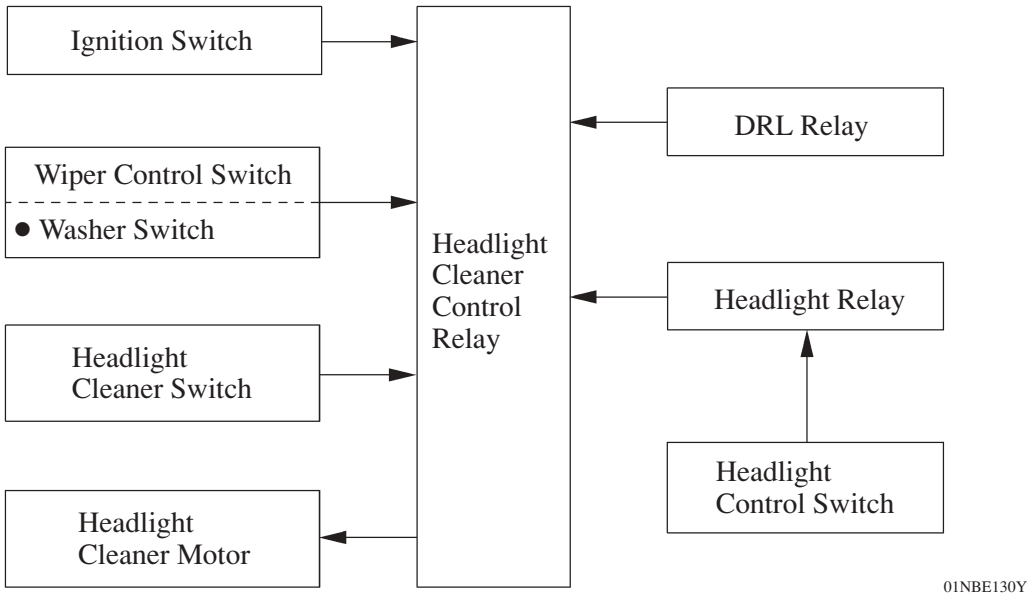

▶ Operation ◀

○: Activate —: Not Activated

Item	Headlight Cleaner Switch ON	Washer Switch ON (first time)	Washer Switch ON (second time)
Headlight ON	○	○	—
Headlight OFF	○	—	—
