AUDIO SYSTEM

■ STEERING PAD SWITCH

- A steering wheel with steering pad switches is standard equipment on the high grade for the Europe models, Australia models and G.C.C. countries models, and optional equipment on the high grade for the general countries models. The switches used frequently are located on the steering pad for easy use.
- The switches that are provided on the steering pad may vary by optional equipment, as indicated in the table below.

System	Switch	Audio only	Navigation With Telephone
Audio	● VOLUME (+/-) ● MODE ● SEEK (+/-)	○	○
Navigation	● VOICE	—	○
Telephone	● ON HOOK ● OFF HOOK ● VOICE	—	○
