INTRODUCTION

OUTLINE OF NEW FEATURES

1. Model Line-up

The following models have been introduced:

Destination	Model Code	Engine	Transaxle	Drive Type	Body Type
Europe	ALA30L-AWTGXW	2AD-FHV	U660F 6-speed Automatic	4WD	Short
	ALA30R-AWTGXW				

2. 2AD-FHV Engine

Models combining the automatic transaxle with the 2AD-FHV engine have been added. The automatic transaxle models and the manual transaxle model have the following differences:

- Engine specifications
- Water circuit
- EGR cooler
- Turbocharger

3. U660F Automatic Transaxle

The U660F 6-speed Super Electronically Controlled Transaxle (Super ECT) is used on the models with 2AD-FHV engine.
