Front Console

- A removable cup holder and a storage space under the cup holder are provided in the console. By removing the cup holder, this area can be used as a large-capacity storage space.
- A small storage pocket is provided in the console.
- A map holder with a map holder lid is provided in the console.
- A card holder, a pen holder, a map holder, a travel tissue holder, and a map holder lid clip are provided on the inner side of the console box door.
- A removable upper tray and lower tray are provided in the console box.
- A removable ashtray is provided in the console.
- A cup holder for the rear No. 1 seat is provided behind the console.
- The console box door can be used as an armrest. It slides 100 mm (3.9 in.) forward to ensure comfort.

Console for Rear No. 1 Seat

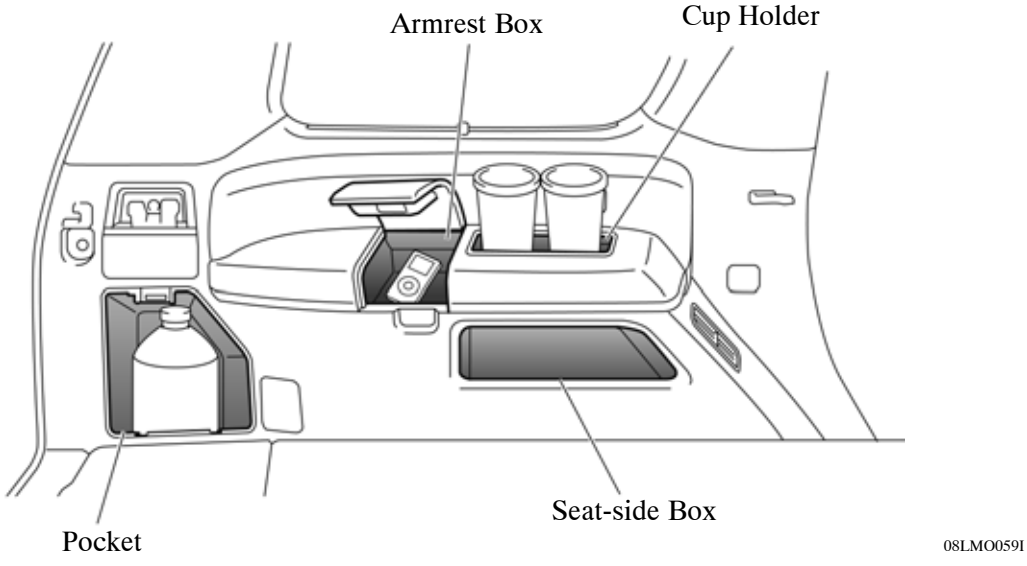

- A cup holder with a removable cup holder separator is provided in front of the console.
- A small storage pocket is provided behind the cup holder.
- A draw box that can store items such as CDs is provided in front of the console.
- A separator is provided in the upper box to adjust for the size of the CDs or DVDs. When it is not being used, the separator can be stored on the inner side of the upper box door.
- When the upper box is opened forward, the inner surface can be used as a tray.
- The inside tray of the lower box uses a removable cup holder separator. Thus, it can be used as a movable tray with a cup holder.
