4T3	Bronze Mica Metallic	Carryover
4T8	**Beige Metallic**	**New**
6V4	**Dark Green Mica**	**New**
8S6	Dark Blue Mica	Carryover

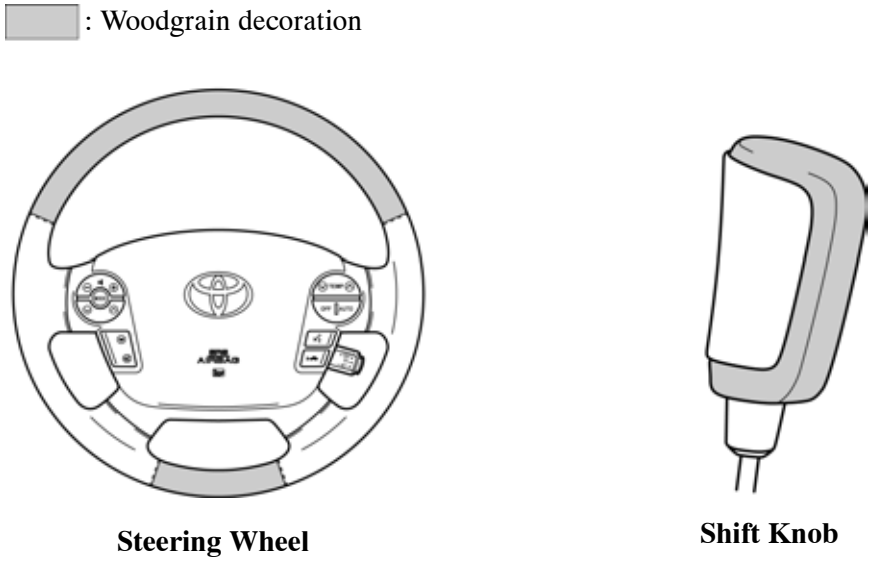

3. Interior

- A dark gray metallic decoration has been applied to the instrument panel.
- A plated decoration has been applied to the front register knobs and shut damper knobs on the Limited and Platinum grades.
- The meter ring on SR5 grade has been made the same as the meter rings on the Limited and Platinum grades, and satin chrome treatment has been applied to it.

12CMO001I

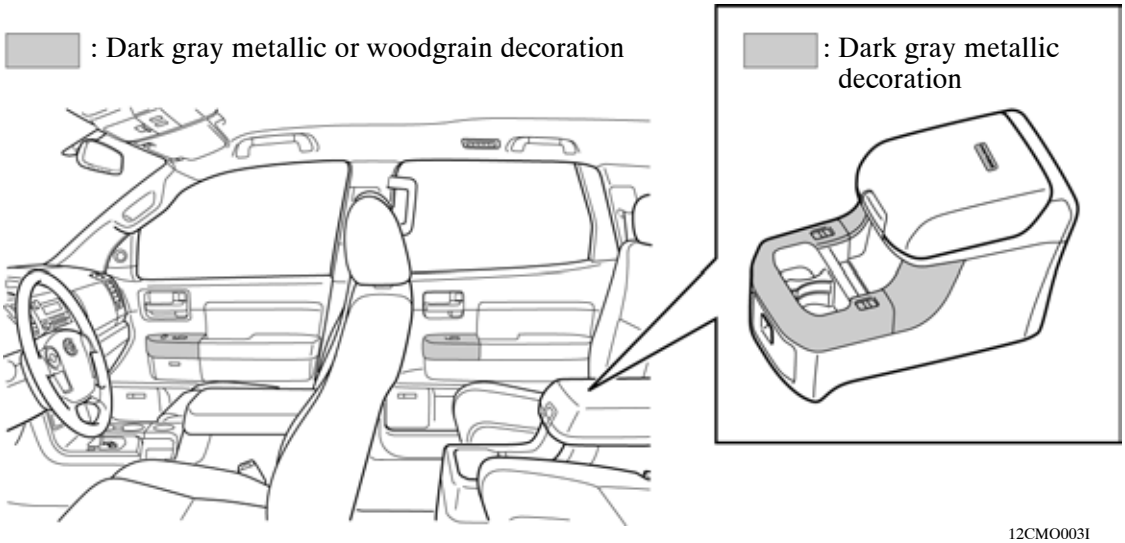

- A woodgrain decoration has been applied to the steering wheel and shift knob on the Platinum grade.

Steering Wheel **Shift Knob**

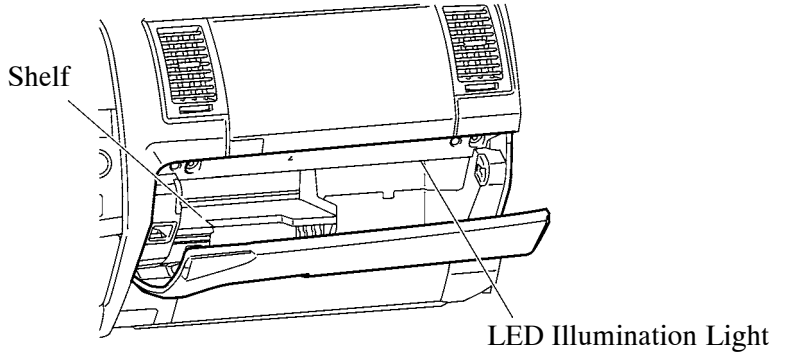

12CMO002I

- A dark gray metallic decoration has been applied to the power window switch base on the SR5 and Limited grades. A woodgrain decoration is used on the Platinum grade.
- A dark gray metallic decoration has been applied to the console for the rear No. 1 seat.

12CMO003I

- A Light Emitting Diode (LED) illumination light and a shelf are provided in the glove box.

12CMO004I

4. 1UR-FE Engine

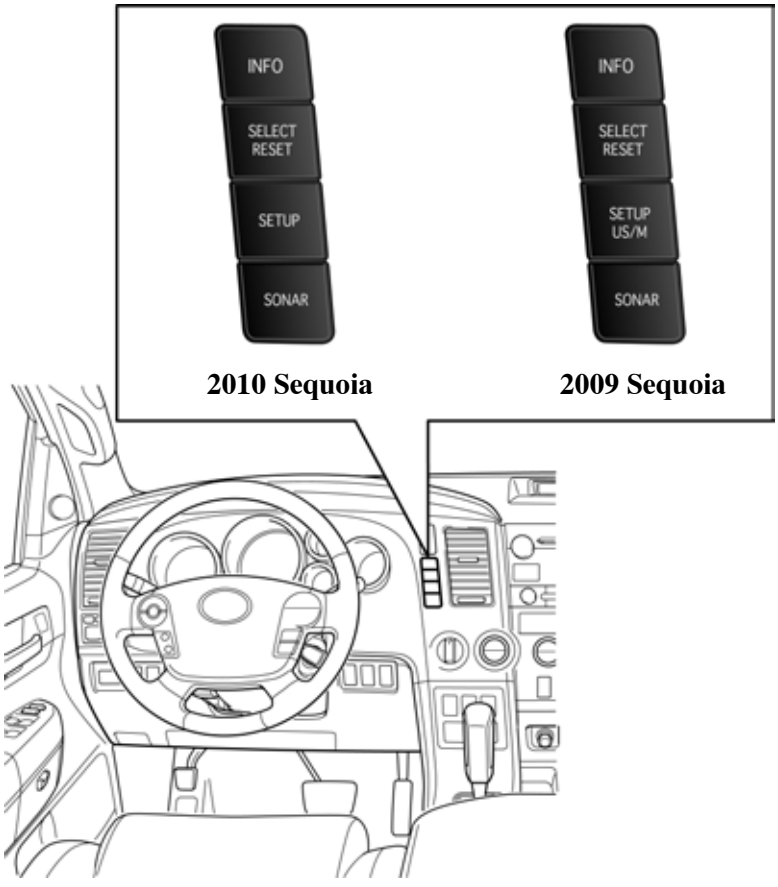

The 1UR-FE engine is newly provided.

5. A760E and A760F Automatic Transmissions

- The A760E 6-speed Super Electronic Controlled Transmission (Super ECT) is used on the 2WD models with 1UR-FE engine.
- The A760F 6-speed Super Electronic Controlled Transmission (Super ECT) is used on the 4WD models with 1UR-FE engine.

6. Accessory Meter

The design of the drive monitor switch has been changed.

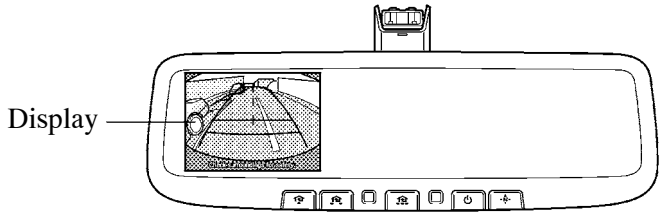

7. Navigation with AV System

In addition to the JBL branded navigation with AV system, which is available as optional equipment for the Limited and Platinum grades, the base grade navigation with AV system has been made available as optional equipment on the SR5 grade.

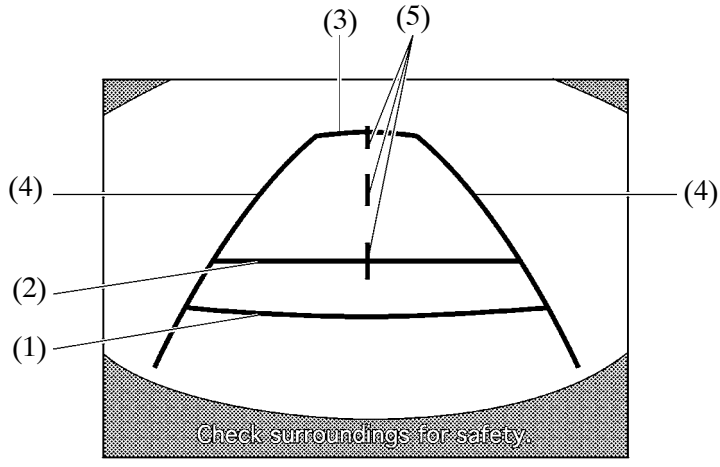

8. Rear View Monitor System

- A rear view monitor system, which displays an image in the inner rear view mirror, is available as optional equipment on all models. However, the system cannot be installed together with the navigation receiver assembly.
- On the models without the navigation receiver assembly, images from the television camera are displayed within the inside rear view mirror. Guidelines are also shown on the display.
- On the models with the navigation receiver assembly, images from the television camera are displayed on the screen of the navigation receiver assembly.

Item		Outline
(1)	Distance Guideline	Indicates a position on the ground approx. 0.5 m (1.5 ft) behind the rear bumper.
(2)	Distance Guideline	Indicates a position on the ground approx. 1.0 m (3.0 ft) behind the rear bumper.
(3)	Distance Guideline	Indicates a position on the ground approx. 5.0 m (16.0 ft) behind the rear bumper.
(4)	Vehicle Width Extension Guidelines	Indicate the estimated vehicle width extension.
(5)	Vehicle Center Extension Guidelines	Indicate the estimated vehicle center extension.

CAUTION

- Do not rely entirely on the rear view monitor system. Use caution, just as when backing up any vehicle.
- Never back up while looking only at the screen. The image on the screen may differ from actual conditions. Backing up while looking only at the screen may cause collision with an object or result in an accident. When backing up, be sure to check by looking behind and all around the vehicle, both directly and using the mirrors, before reversing.

9. SRS Airbag System

Driver and front passenger Supplemental Restraint System (SRS) knee airbags are provided as standard equipment on all models. For details, see page 46.

10. Audio System

The following changes and additions have been made to the audio system:

- The audio system specifications and settings have been changed. For details, see page 49.
- An AUX and USB adapter has been introduced. For details, see page 51.
- Bluetooth® audio has been introduced. For details, see page 53.
- Satellite Digital Audio Radio Service (SDARS) has been introduced. For details, see page 54.
