Sunshade

The sunshades on the rear door trim and deck side trim are provided as standard equipment on the Limited and Platinum grades, to ensure the comfort of the rear seat occupants.

Sliding Roof System

- A tilt-and-slide roof is provided as standard equipment on the Platinum grade and optional equipment on the SR5 and Limited grades. It is equipped with a one-touch function (slide open and close and tilt up and down) and a jam protection function.
- The up and down switches for the tilt up-and-down function, and the open and close switches for the slide open-and-close function are provided on the overhead console.
