NEW FEATURES

■INTERIOR

1. Interior Trim

The appearance has been improved by changing the following items.

- The hydrographic wood-grain decoration of the steering wheel, shift knob and power window switch bases on Platinum grade models.
- The cover skins of the front console box door and the console box door for the rear No. 1 seat on Platinum and Limited grade models.

2. Storage Space

For more conventional use, interior storage space has been provided for the front console box on models with the cool box.
