TOYOTA TACOMA

OUTLINE OF NEW FEATURES

The following changes are made for the 2006 model year.

1. Tire Pressure Warning System

A direct-sensing type tire pressure warning system is used as standard equipment on all '06 Toyota Tacoma models.

2. SRS Airbag System

- An occupant classification system is used in the bench seat type '06 Toyota Tacoma.
- The basic construction and operation of the occupant classification system used in the '06 Toyota Tacoma is the same occupant classification system used in the '06 bench seat-type Toyota Tundra. For details, see page 141 in the New Features section of the '06 Toyota Tundra.
