# NEW FEATURES

## ■ EXTERIOR

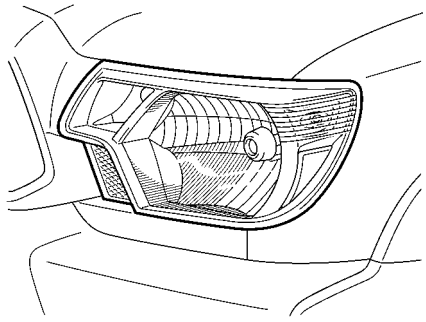

### 1. Front Design

- The design of the front bumper, radiator grille, headlights, fog rights, food and front spoiler has been changed.
- A trapezoid lower radiator grille has been provided on the center of the front bumper to harmonize with the trapezoidal radiator grille, increasing the exterior design quality.
- The rip has been eliminated from the front spoiler that is mounted on X-Runner package models.
- LED side turn signal lights have been provided on the outer rear view mirrors used on X-Runner and SPORT package models to differentiate the feature from other models.
- The windshield top shade, which was provided as standard, is now provided on package models only.

## 2. Exterior Parts

### Deck Hook

Hooks have been added to the front area of the deck to increase convenience.

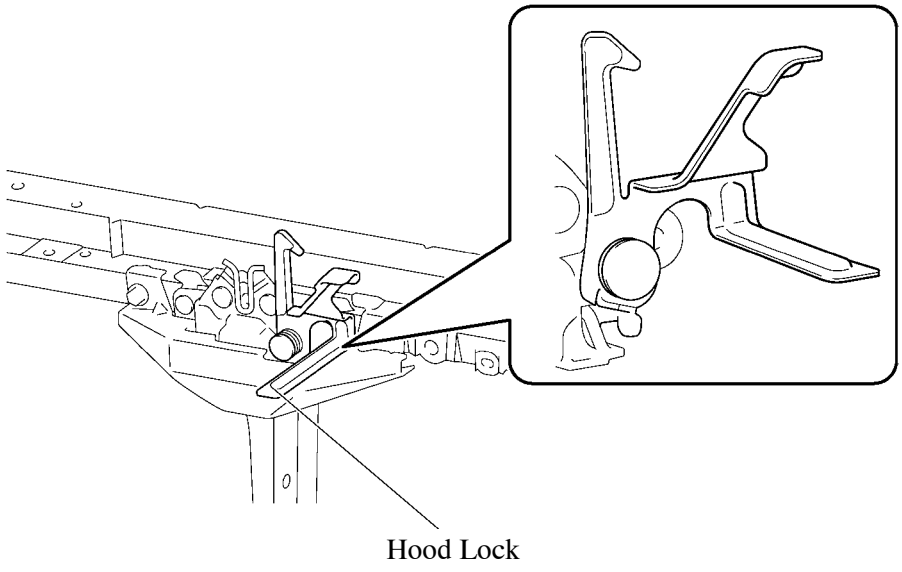

**Long Wheel Base Models**

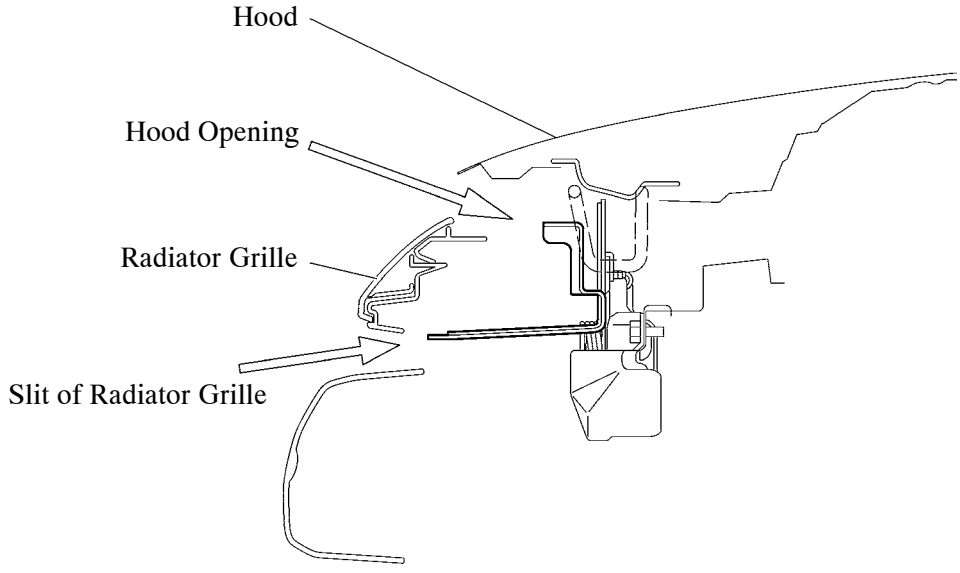

**Short Wheel Base Models**

## Hood Lock

A double handled auxiliary lever has been provided on the hood lock. The hood lock can be unlocked from either the hood opening or the radiator grille slits, as a result the convenience and operability have been improved.
