TRANSFER

■DESCRIPTION

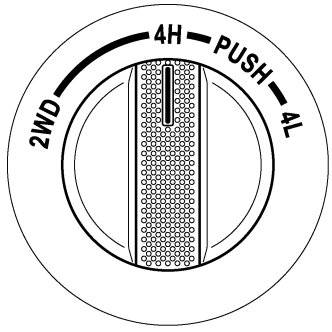

- The TUNDRA newly adopts a part-time 2-speed JF1A transfer.
- This transfer uses a one-touch 2-4 select system, enabling the driver to make a 2WD - 4H - 4L selection by turning a 4WD control switch.
- The 4WD control system uses the 4WD Control ECU to actuate and control the front differential A. D. D. (Automatic Disconnection Differential) shift actuator and the transfer shift actuator.
