INTERIOR

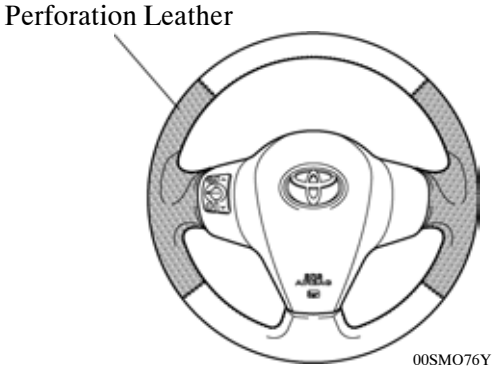

■INTERIOR DESIGN

- The TS grade is provided with side registers with plated decoration on the instrument panel as standard equipment.
- The TS grade is provided with plated type inside door handles as standard equipment.
- The TS grade is provided with a plated type parking shift lever knob as standard equipment.

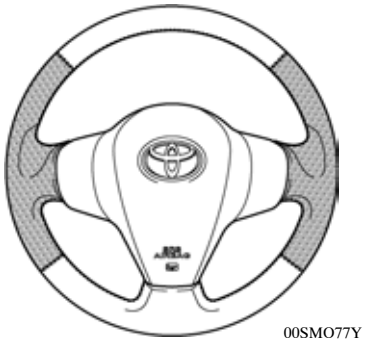

■STEERING WHEEL

- The TS grade uses a 3-spoke steering wheel with steering pad switches, on which perforation leather is used as standard equipment for sporty appearance.
- A steering wheel without the steering pad switches is available as optional equipment on the models without the audio head unit.

With Steering Pad Switches

Without Steering Pad Switches
