Washer System

- On both the hatchback and sedan models, the spray type washer nozzles are provided on the cowl louver.
- The spray type washer nozzle sprays the washer fluid over a wide area by spraying it in a fan shape.
  The washer fluid volume sprayed in the center of the spray area has been reduced so as not to hinder the driver's view when the washer system is operated.

NOTICE:

The construction of the spray type washer nozzle does not allow adjustment of the spray angle.
Do not adjust the spray angle as this could damage the washer nozzle.
To change the spray angle, replace the nozzle by a nozzle with a different spray angle.
For details, refer to the Yaris Repair Manual (Pub. No. RM00S1E).
