September 15, 2005

The diagram illustrates the components of a vehicle's heater system. It features two main hoses: a Heater Return hose (labeled 1) and a Heater Supply hose (labeled -2). These hoses are connected via clips (labeled 3) and secured with clamps (labeled 4). The entire assembly is held together by screws (labeled 5). The diagram shows the hoses routing from the engine area towards the rear of the vehicle, where they connect to the heater core and blower motor.
